IVI Technologies Announces Stylus Studio X15 Is Now Available

/EINPresswire.com/ The 2013 release of the Award-Winning XML Editor Stylus Studio X15 features a New HTML WYSIWYG Editor, XSLT Editor and Sense X Enhancements, an innovative One-Click Intelligent Autolink for XSLT and XQuery Mapping tools and More

Miami, FL - IVI Technologies, the master distributor of Progress® DataDirect® Stylus Studio®, the award-winning XML Integrated Development Environment (IDE) from Progress Software, today announced the immediate availability of the Stylus Studio X15 XML Enterprise Suite. The latest release features new productivity tools designed to further simplify and automate frequently encountered XML development and data integration tasks. Product highlights include a New HTML WYSIWYG Editor, XSLT Editor and Sense X Enhancements and an innovative One-Click Intelligent Autolink for XSLT and XQuery Mapping.

The Stylus Studio XML Editor product is marketed and sold

Stylus Studio® X15 features an HTML WYSIWYG Designer View for editing HTML content and includes a spell check feature that only checks the content without interacting with the underlying HTML for error-free content.

through IVI Technologies. IT professionals can download a free trial of the Stylus Studio X15 XML Enterprise Edition Suite today at: http://www.stylusstudio.com/download.
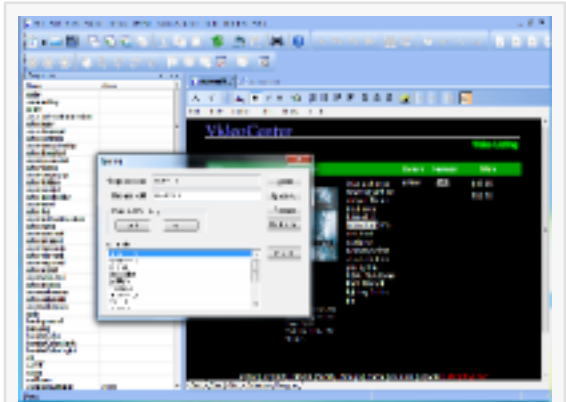

"The Stylus Studio X15 Enterprise Suite continues to build on a time-tested, feature-rich suite with the addition of the new HTML WYSIWYG Editor and the One-Click, Intelligent AutoLink feature for mapping of XSLT and XQuery documents", said Robert Evelyn, President, IVI Technologies. "The AutoLink feature is just another example of Stylus Studio's commitment to XML Productivity Through Innovation. AutoLink extends the Stylus Studio Visual Mapping Tool beyond manual drag and drop, accelerating mapping of small and large documents for developers at any skill level."

Additional features:

• Complete overhaul and enhancement of Sense X
• Create a complete XSLT or XQuery mapping with Autolink
• Real-Time Visual HTML editing including inline CSS editing & Spell Check
• Windows 8, Internet Explorer 10 and Oracle Java 1.7 Support
