Covered in this report

The report covers the present scenario and the growth prospects of the global smart grid IT systems market for 2016-2020. The market size has been calculated from the revenue generated by the demand for smart grid IT systems from different end-users in each region and its corresponding key countries.

The market is divided into the following segments based on geography:
• Americas
• APAC
• EMEA

The report, Global Smart Grid IT Systems Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors
• Accenture
• GE-Alstom
• IBM
• SAP
• SAS

Other prominent vendors
• Alcatel-Lucent
• AT&T
• EnerNOC
• Ericsson
• FirstCarbon Solutions
• HCL Technologies
• Infosys
• Itron
• Lockheed Martin
• Tendril Networks
• Trilliant Energy Services
• Wipro

Market driver
• Financial benefits associated with smart grid IT systems
• For a full, detailed list, view our report

Market challenge
• Risk of cyber attacks
• For a full, detailed list, view our report

Market trend
• Increased demand in power
• For a full, detailed list, view our report

Key questions answered in this report
• What will the market size be in 2020 and what will the growth rate be?
• What are the key market trends?
• What is driving this market?
• What are the challenges to market growth?
• Who are the key vendors in this market space?
• What are the market opportunities and threats faced by the key vendors?
• What are the strengths and weaknesses of the key vendors?

Table Of Contents – Major Key Points

PART 01: Executive summary
• Highlights

PART 02: Scope of the report
• Market overview
• Top-vendor offerings

PART 03: Market research methodology
• Research methodology
•
PART 04: Introduction
• Key market highlights

PART 05: Market landscape
• Market overview
• Market size and forecast
• Five forces analysis

PART 06: Market segmentation by application
• Global smart grid IT systems market by application 2015
• Global smart grid IT systems market by application 2020
• Global smart grid IT systems market by application 2015-2020
• Global smart grid IT systems by EMS
• Global smart grid IT systems by DMS
• Global smart grid IT systems market by data analytics
• Global smart grid IT systems market by OMS

PART 07: Geographical segmentation
• Global smart grid IT systems market by geography 2015
• Global smart grid IT systems market by geography 2020
• Global smart grid IT systems market by geography 2015-2020
• Smart grid IT systems market in Americas
• Smart grid IT systems market in EMEA
• Smart grid IT systems market in APAC

PART 08: Key leading countries

PART 09: Market drivers
• Increased investments in smart grid technologies
• Financial benefits associated with smart grid IT systems
• Change in energy mix
• Power crisis

PART 10: Impact of drivers
