

# ISO 20000 auditing skills can enhance the auditor's career

---

ELY, UK, July 3, 2013 /EINPresswire.com/ -- [IT Governance Ltd](#), the leading management systems training course provider, has reported that the [ISO/IEC 20000 Auditor Certificate](#) Course is ideal for auditors who are looking to expand their audit expertise to include IT service management.

Alan Calder, CEO of IT Governance, comments: "With an increasing number of organisations pursuing [ISO 20000](#) certification, there hasn't been a better time for auditors to expand their audit expertise to include IT service management. Lead Auditors in ISO27001 or ISO22301 are in a particularly favourable position to add ISO 20000 to their CV and boost their career."

The ISO/IEC 20000 Auditor Certificate Course equips both internal and external auditors with the knowledge and skills required to perform effective audits against ISO 20000, the international standard for IT service management. The course includes an examination which leads to the ISO/IEC 20000 Auditor Certificate qualification, accredited by APMG.

The two-day training programme covers the requirements of the ISO 20000 Standard and the principles of IT service management, as well as providing delegates with practical tips on how to perform an effective ISO 20000 audit.
