"Internet video is exploding worldwide", says Mark Shapiro, editor in chief of Internet Video Magazine. "Not only are people watching numerous hours every day – on their computers, tablets and smartphones, they are also making video. Internet Video Magazine provides informative articles for those who make web video for fun, as well as those who are making online video for business and professional audiences. If you have an idea for an article, feel free to pitch it to us at editor@internetvideomag.com."

Video makers and fans can submit videos for review and follow Internet Video Magazine at FaceBook - <https://www.facebook.com/InternetVideoMag> and at twitter @internetvideoma

About Internet Video Magazine (<http://www.internetvideomag.com>)

Launched in 1999, Internet Video Magazine is the only online publication that spotlights the best videos and Internet films and movies on the net, as well as the greatest web sites that demonstrate amazing creativity and skill regarding how they integrate video into the site.

Internet Video Magazine also provides a comprehensive resource for consumers; businesses and video/media professionals who want to create and share their own internet video productions. This includes reviews of new equipment such as camcorders, video editing systems, computer and broadcasting solutions, software, etc. We also feature tutorials and how to sections geared to video creators of all types, from beginners to professionals.
