HOUSTON, TEXAS, USA, January 17, 2014

/EINPresswire.com/ -- [Ultimate Male](#) testosterone booster reviews have been popping up all over the Internet and GentlemensUniversity.com reveals the truth about this all-natural nutritional supplement for men, which claims to boost their natural functions, including their levels of testosterone.

Ultimate Male, The Patriot Health Institute's over the counter and completely natural product that boost levels of male testosterone, without causing any side effects, has caught the attention of GentlemensUniversity.com's Stan Stevenson, prompting an investigative review.

Ultimate Male Review

"Our [Ultimate Male review](#) shows that it is a product developed by the Patriot Health Institute, who focus specifically on various male enhancement products," reports Stevenson. "This supplement is different many products in the market that boost levels of male testosterone. It neither contains any incredibly dangerous chemical products nor are the dosages of the ingredients insufficient to render the supplement wholly ineffective."

Ultimate Male Energy is comprised of Citrus Bioflavonoids, Chrysin, 95% Turmeric, Quercetin, Indole-3-Carbinol, Holy Basil, 2% Ursolic acid, Milk Thistle Extract, 80% Silymarin, Broccoli, 0.1% Sulforaphane, Black Pepper Extract, 95% Piperin. This product does not contain any dairy, artificial colors, sugars, or additives. Available exclusively online and manufactured in the United States, the vegetarian friendly supplement does not contain wheat, gluten, egg, soy, fish, dairy, peanuts, or synthetic chemicals.

"Ultimate Male is a completely natural product that offers four main benefits; boosting testosterone, burning fat, building muscle, and increasing libido," says Stevenson. "This supplement contains no less than seven active ingredients, each of which have been scientifically proven to raise levels of testosterone naturally and safely. What matters most, however, is that these ingredients have been included in levels that are just right to allow synergy to occur."

"The Oprah Show and Dr. Oz revealed the number of chemicals we are being exposed to on a day-to-day basis and this 100% natural is completely different than others on the market. The herbs used to create Ultimate Male come all the way from Malaysian jungles. It is not only designed to increase your levels of testosterone, but also to help you burn fat and build muscle at the same time. With a product like this, we can get healthy and feel young again. We strongly recommend this product."
