Steve Nordstrom

“We are absolutely thrilled to have been honored by the judges for these homes”, says Steve Nordstrom, PHG’s President. “It is particularly gratifying when you consider the very high level of competition in this year’s Parade”.

The winning homes are located in Lakes of Mount Dora- a central Florida active adult community- which has been named among ‘America’s 50 Best Master-Planned

Communities’ by Where to Retire magazine. Uniquely, the community was designed to provide waterfront access or water views to over 75% of the residents. Lakes of Mount Dora is fully gated, and features Florida ecologically friendly landscaping- another Pringle exclusive. Pringle’s Scarsborough model is a 3/2/2 plan that invites the owner to experience spectacular views from nearly every room. Ample open living areas make this plan great for entertaining. The Owners’ Suite includes private lanai access and a beautifully appointed bath.

Pringle’s Huntly Model is a 3/2/2 designed for the casual Florida lifestyle. Featuring a large great room and adjoining morning room/breakfast nook, this plan is a favorite among Active Adult buyers. As with all Pringle plans, this home has endless customization available from Pringle’s Leesburg, Florida Design Studio, including the architectural changes today’s buyers demand in a truly custom home.

“These are great plans, and I think they are made even more appealing by PHG’s customization process”, adds Nordstrom. We make our clients part of the process, which results in a top-quality custom home tailored to the individual buyer”
