

# Deaf Awareness Month Recognizes Contribution That Works To End Violence in Deaf Women And Children

HOUSTON, TX, USA, March 25, 2014 /EINPresswire.com/ -- Belanie Dishong, founder and CEO of [Live at Choice](http://www.LiveatChoice.com/) in Houston, Texas, provides benevolent services to DeafHope.org, whose mission is to end domestic and sexual violence against [Deaf](http://www.Deaf-hope.org/) women and children through empowerment, education and services.

Houston, TX – Live at Choice, (<http://www.liveatchoice.com/>) a transformational development company in Houston, Texas and founder, Belanie Dishong, celebrate [Deaf Awareness](http://www.Deaf-hope.org/) Month 2014 and that she chose in 2007 to have DeafHope as the recipient of their philanthropic services. After hearing Deaf mentor, Julie Rems-SmarioDishong speak at the eWomen conference in Dallas, Texas, Belanie chose to give the DeafHope staff and participants the Live at Choice curriculum and programs at no charge.

“Live at Choice generously worked with DeafHope by transforming the way we work with the survivors,” says Julie Rems-Smario, “It gave us a new perspective of empowerment and more profound understanding of empathy. Live at Choice is a powerful training to realize that the judgments people hold are actually their own stories filtering them from seeing the beauty of each person's journey. This discovery melts away the judgment with love and compassion.” In August 2007, Live at Choice began its first of many Beyond Circumstances Workshops for the staff, board, volunteers and Deaf survivors of domestic violence. It is a lifetime gift to this non-profit organization, which helps bring hope, love and purpose to the Deaf community.

About DeafHope (<http://www.Deaf-hope.org>)

The DeafHope mission is to end domestic and sexual violence against Deaf women and children through empowerment, education and services. This mission will be achieved on three levels: by providing services to Deaf women and children who are survivors of domestic and sexual violence; by educating their community and service providers about domestic and sexual violence; and by providing statewide training and technical assistance to establish more Deaf-run services for Deaf survivors.
