

The New 2014 Jeep Cherokee Is Now Available At Northstar Chrysler Jeep Dodge Dealership In Brisbane

The New Jeep Cherokee is available, and drivers are now able to test-drive the new Jeep at Brisbane dealer Northstar Chrysler Jeep Dodge in Kippa-Ring.

REDCLIFFE, QLD, USA, July 11, 2014

/EINPresswire.com/ -- The 2014 Jeep Cherokee is turning heads with its excellent performance, quality craftsmanship, and outstanding fuel economy. Its classic Jeep brand on- and off- road capabilities make the new Jeep Cherokee

(<http://www.northstarchrysler.com.au/new-vehicles/new-jeep-vehicles/all-new-2014-jeep-cherokee>) an ideal

choice for drivers who want to be prepared for whatever adventure life may take them on. Visitors to [Northstar Chrysler Jeep Dodge](http://www.northstarchrysler.com.au) are now able to see this well-liked SUV in person.

"The Jeep Cherokee has always been a popular SUV, and we expect that trend to continue with the addition of the 2014 Cherokee. It offers all of the features drivers want for a comfortable, reliable, everyday vehicle, but it also includes the capabilities necessary to face more rugged terrain. Its ability to fit each driver's unique lifestyle is one of its most appealing qualities," said [Bob Aldons](#) of Northstar Chrysler Jeep Dodge (<http://www.northstarchrysler.com.au>).

There are four different models of the 2014 Jeep Cherokee, including the Cherokee Sport, Cherokee Longitude, Cherokee Limited and Cherokee Trailhawk. Each model has a unique combination of features, ranging from things like an Alpine 9 speaker premium sound system (Limited) to halogen projector headlights (Sport).

Well designed and extremely functional, the Jeep Cherokee offers three key components. First, it uses an intuitive and effective AWD to adapt to environmental conditions and maximise performance (Longitude and Trailhawk models). Second, Select-Terrain technology allows drivers to change the vehicle setting with the click of a button depending on the specific terrain, including Snow, Sport, Sand/Mud and Rock (Longitude and Trailhawk). Lastly, every Cherokee boasts an engine fitted to take on any imminent mission or adventure.

The new Jeep Cherokee features a smooth aerodynamic body, bold hood lines, and a re-designed seven-slot grille. It comes in a variety of colours, catering to a wide range of style.

The Cherokee was designed with comfort in mind. 60 / 40 split second row seats with recline capability help increase comfort and maximise storage space. Also, rear passengers can enjoy an additional 56 mm of legroom. For seating, the Cherokee offers either luxurious Leather Upholstery seats (Limited and Trailhawk models) or cosy Cloth Low-Back Bucket Seats (Sport).

Drivers can feel safe and secure driving the Jeep Cherokee. Park View Rear Back-Up camera, Front & Rear Park Assist (Longitude and Limited), and UConnect Hands Free Calling are all features that enhance safety and increase the driver's confidence.

Northstar Chrysler Jeep Dodge has the 2014 models in stock and available for test drive. Interested drivers can contact the dealer to [set up a test drive](#). The dealership is located at 320 Anzac Avenue, Kippa-Ring 4021, Redcliffe, QLD.
