

# Professional Golf Coach & Tour PGA Players Teaches Secrets to Star Golfers Worldwide

*Bert Seale Former Golf Tour Player to Work with Future Stars of Golf. Selects Eagle Marsh Golf Club a Fabio design.*

JENSON BEACH, USA, August 19, 2014

/EINPresswire.com/ -- Having taught [Matt Kuchar](#) a PGA Tour player from a young age and watching him flourish as a professional golfer, has been one of the highlights in [Bert Seale's](#) career. Seale is known for his amazing techniques which work for golfer stars-to-be. A secret he has kept for 18

years. "I never really talked about how I helped Matt Kuchar because I respect his privacy and I don't like to blow my own horn, but after many years and with Matt's blessing, I have decided to speak out so that others can benefit from the technique that worked so well for him."

Bert teaches and shares his approach at the Seale Golf School. Guido Gulla from Gulla Sports Management reported today that Seale has selected [Eagle Marsh G.C.](#) located in beautiful Jensen Beach Florida. Seale quoted that he has always enjoyed Mr. Fazio's golf course designs and is happy to open his golf school at Eagle Marsh. Each hole has a story and will give the golfer a true golfing experience.

Bert Seale, a professional golfer himself, has more than 29 years of experience. Bert definitely knows this game. Now he's taking the world of golf a step further by accepting new young future stars of golf at his golf school. The school will also focus on underprivileged young golfers. Guido Gulla said he will be reaching out to local businesses to help them reach these goals.

Having built a reputation of success with both Matt Kuchar and his son, Joshua Seale, who currently plays pro tournaments around the world, both using Seale's techniques. The technique that helps golfers better understand their visual perceptions to master the game. Instead of golf mastering the player, Seale describes it as the "closed eye technique" which allows individuals to change the behavioral outcome by mentally changing the visual perception. Seale will help individuals develop new and exciting ways of looking at things and as a training tool, the closed eye technique helps them boost performance and concentration.

Seale teaches the technique through offering various membership packages, that include golf instruction, free range balls, golf fitness and discounted rates at Eagle March G.C. Over and above the membership, clients receive an audit and evaluation of the processes they currently employ. The following months involve Seale working closely with the client, providing constant feedback.

In a pay-it-forward approach, Bert is now giving back what he earned from this game and the good news for his students is that he is now sharing his own experience with the golfing world. Besides his success in his golfing career, Bert always welcomes the approach from any amateur or professional players.
