

# Gym Beans, Leave Lifting Weights to the Gym

SAN FRANCISCO, CALIFORNIA, UNITED STATES, March 2, 2015 /EINPresswire.com/ -- In our daily lives it is a real challenge to come up with the best ways to manage our precious time. Part of this process of managing our schedule is trying to come up with the most efficient way of doing things while we are multitasking. This is a crucial part of balancing our lives. For example having an active lifestyle is vital to our overall health but it takes time. Being able to go to the gym, no matter what kind of training we enjoy, is an important part of a balanced life. When someone works out at the gym between going to work or school, they often need to make sure that they still look presentable after they leave. Uyanga Byambaa and her friends recognized a time-saving need and created [Gym Beans](#) in response. Gym Beans is the efficient way of carrying all of the important products needed to work out and easily walk out of the gym feeling clean and refreshed.

The product design of Gym Beans allows users to carry four separate toiletry products from shampoo, conditioner, lotions or moisturizers in manageable

amounts on their wrist. It is quite useful because carrying around many separate bottles is awkward and bulky. It is too much to carry around. The Gym Beans are quite [simple to use](#). The cap is easy to twist off. Once the cap is off, the wearer only needs to put in as much shampoo or conditioner as they need to apply. The cap twists back on easily so it can then be locked. The shampoo or conditioner can then be unlocked as needed so that it becomes an easy-to-use spray. In this way Gym Beans allows wearers to keep the lifting to the gym. Less baggage equates to more convenience. The Gym Bean itself makes for a stylish accessory and it slides easily onto the wrist of the user like jewelry. The four containers which comprise the Gym Bean bracelet are available in a multitude of colors. The wearer is able to choose between any of yellow, pink, green, clear, orange, purple, dark green, gray, red, aqua, blue and black.

Uyanga Byambaa was born and raised in Mongolia where she graduated from her high school as a Valedictorian in 2007. She is a student who is currently majoring in economics. She is also a chess instructor and a quality professional chess player. Uyanga has risen to become the top rated female

chess player in Northern California. Uyanga earned the prestigious "Success Bronze Star" award which was authorized by the Mongolian Youth Federation for her success. Drawing from their experience, Uyanga and her friends worked diligently to develop the initial innovative Gym Beans prototype. The first Gym Beans prototype was homemade with a 3D printer. The team spent almost two months diligently working on the final design for the product. All of the original Gym Beans have been made by hand so it was an arduous trial to make them perfectly. It took hundreds of trials to perfect the

colorful Gym Beans but through persistence the final product finally became a reality. Air bubbles were a real challenge and they took many hours to fix. All of this work has been completed prior to mass distribution to ensure that Gym Beans is a quality product. The Gym Beans team has now made an agreement with a very experienced manufacturer in the plastic container field in order to facilitate mass production of the product.

Gym Beans are both a smart and stylish lifestyle product. Making trips to the gym easier is an important part of maintaining an active and healthy schedule. In order to support this initiative there is a [Kickstarter crowdfunding campaign](#) presently taking place in order to help bring Gym Beans to the market. In order to promote the campaign, several crowdfunding rewards have been established which represent an opportunity to take advantage of very good discounts. For a donation of 10 dollars, funders will receive one Gym Bean bracelet with four containers in their choice of colors. The 25 dollar reward level offers three Gym Bean bracelets also with four containers in their choice of colors.

#### About:

Entrepreneur and professional chess player Uyanga Byambaa has joined with her friends to create a valuable time-saving gym accessory called Gym Beans. Gym Beans ([www.facebook.com/pages/Gym-Beans/837718879632814](http://www.facebook.com/pages/Gym-Beans/837718879632814)) are wearable compartments which can carry toiletries such as shampoo or conditioner in personal sizes. This eliminates the need to carry several bulky bottles and is very convenient. There is a Kickstarter campaign taking place now in order to support distribution.
