

Austin, Texas REALTOR® Judy Bowen Earns Military Relocation Professional (MRP) Certification

The Military Relocation Professional (MRP) Certification Is For Real Estate Professionals Who Want To Work With Current And Former Military Service Members

AUSTIN, TEXAS, USA, March 16, 2015 /EINPresswire.com/ -- Judy Bowen and her husband David have been Realtors in the Austin and surrounding areas since the early 1980's. They are known as The Bowen Team of Texas. "I have lived all my life in Texas." She says, "The early years were lived in the Richardson and Plano areas at a time when most of the surrounding areas were comprised of corn and wheat fields."

Judy moved to Austin to attend the University of Texas where she received a degree in Social Work. She then proceeded to San Antonio and received a Masters of Social Work at Worden Graduate School of Our Lady of the Lake College. She returned to Central Texas to pursue her work as a therapist, specializing in working with sexually and physically abused children, however, she always had a love for Real Estate and decided to pursue it as a career.

She says, "Transitioning into Real Estate was a natural for me. My mother was a Realtor in the Dallas/Fort Worth area while I was growing up and my husband has been an active Realtor in Austin since the 1970's. It's an exciting business, ever changing and always interesting."

“

Like the Military individuals who serve our country, we approach our business with the same values and convictions; that of Integrity, Loyalty, Honesty, and Sincerity to Serve.”

The City of Austin is also exciting, interesting and full of activities. It is known as "The Live Music Capital of the World", a reference to the many musicians and live music venues within the area. There are also many annual cultural events that are hosted in Austin, such as South by Southwest and the Austin Film Festival. It is home to over 50 golf courses nestled among rolling hills and lakes, and the mild winters make it the ideal environment to play virtually year-round.

Judy is as knowledgeable about Austin as any lifetime resident. Her love for Austin and the surrounding areas, her appreciation of the wonderful outdoor and cultural opportunities that exist; and her experience in raising two children, Rhett and Katie, in the community enable her to provide a well- rounded and invaluable service to both buyers and sellers, including Military families – which is the reason she obtained her Military Relocation Professional (MRP) Certification.

The State of Texas is well represented in the United States Armed Forces and supports a large Military community with more than 1.7 million Veterans living throughout the State.

In fact, Austin is home to the Texas Military Forces Museum which tells the story of the Texas Army and Air National Guard. Judy says, "Like many of the active or retired Military personnel who have ever been stationed in Central Texas at some point in their careers, the consensus is that they want to come back. Whether to retire or start another career after their Military service, they are drawn to the energy of the city, the

beauty of the crystal clear lakes and rivers, and the awesome hill country vistas. And, like the Military individuals who serve our country, we approach our business with the same values and convictions; that of Integrity, Loyalty, Honesty, and Sincerity to Serve."

In recent years, their family business has grown to include their daughter-in-law, Hollie Bowen, MS MKT, and their daughter, Katie Strobel, MRP, GRI. After working for several years in the Central Texas area, Katie relocated and is currently working in the Dallas/ FortWorth, and Grand Prairie market areas.

Together, they form the very successful Bowen Team which has been awarded for each of the last 15 years, outstanding achievements and recognition of service by Keller Williams Realty.

Judy Bowen's credentials are MRP, CRS, GRI, and MSW. She is proud to say that The Bowen Team comes with a "can do" spirit of service coupled with years of experience and knowledge of the market. The skills of listening, empathy, patience, and negotiation have served Judy in the Real Estate business. She says, "In representing a Buyer, I love fitting the different pieces of the puzzle together, one piece at a time, to complete the home purchasing process and at the end, not only have a home that everyone is happy with, but also one that reflects a sound financial decision. And in representing the Seller, my years of expertise and knowledge of the market coupled with 25+ years of networking with other experienced realtors in the business, all contribute to the successful marketing and closing of their homes."

The Bowen Team members are specialists in working with first time homebuyers, retirement and fixed income buyers. They have developed a network referral system with other successful MRP designated Realtors throughout the State and will provide two names of Realtors who provide superior service if you are locating outside the Bowen Team service area of Texas.
