

iSkinProducts.com Adds The New ELOS TOUCH 300,000 to its Line of Hair Removal Products

iSkinProducts.com now carries the newest 2015 version of the Me My Elos Super Touch with 300,000 pulses. Professional Laser Hair Removal device at Home!

MONTCLAIR, CA, USA, April 22, 2015 /EINPresswire.com/ -- iSkinProducts.com has the newest and most innovative Me My Elos Super Touch Shaver and Epilator, newest 2014 version! This device is safe, effective and painless for home hair removal and is now available for purchase.

[Me My Elos Super Touch 300K](#) is a unique and innovative device used and approved by dermatologists worldwide and clinically proven for effective home hair removal on a professional level. This revolutionary technology has a 300,000 built in quartz lamp cartridge that can last for years making professional at home hair removal safe, efficient and effective on all skin tones and hair color.

Traveling to expensive clinics for specialized hair removal treatment is now passe. Me My Elos Super Touch 300K is simple and comfortable to use. Using an easy gliding technique in just ten minutes legs are hair free and within only thirty-two minutes the whole body will be slick and hairless. Use the epilator and or shaver along with the laser treatment for safe and efficient hair removal and smoother skin.

All accessories are included in the kit - Precision unit. Optional: shaver, and epilator. The cartridges have a built in 300,000 quartz lamp which will last for years of successful and comfortable epilating! Each device contains a free Precision adapter so you can treat the toughest and hardest to reach areas for successful hair removal. For just \$599.00 it's an investment worth making.

[Me My Elos technology](#) was developed by scientists at Syneron. Using IPL and Intense Pulsed Light (IPL) combined with Radio Frequency (RF) energies Me My Elos not only removes the hair
