

Industrial Transmitters Market 2016 Analysis and Forecast to 2020

Analysts forecast the global industrial transmitters market to grow at a CAGR of 5.15% during the period 2016-2020.

PUNE, INDIA, August 26, 2016 /EINPresswire.com/ -- About [Industrial Transmitters](#)

Industrial transmitters are widely used in all industrial applications for measuring, monitoring, testing, and automation. The value chain extends from the detection of process parameters in process industries to the analysis of specifications and characteristics of the final product. IoT has introduced new growth opportunities in the global industrial transmitters market as industrial transmitters are vital for effective implementation of IoT. The global measurement, control, and sensing market is growing in recent years. End-users also realize that better data management will drive down costs, enhance adherence to environmental regulations, and increase productivity.

Analysts forecast the global industrial transmitters market to grow at a CAGR of 5.15% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global industrial transmitters market for 2016-2020. The report also presents the vendor landscape and a corresponding detailed analysis of the top five vendors operating in the market. To calculate the market size, we consider revenue generated from sales and aftermarket services of industrial transmitters.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Global Industrial Transmitters Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- ABB Group
- Emerson Electric
- Honeywell International
- Schneider Electric
- Yokogawa Electric

Other prominent vendors

- Accutech Instrumentation
- American Sensor Technologies
- AMETEK
- Danfoss
- Dwyer Instrument
- Endevco Foxboro/Invensys
- Fuji Electric
- GE
- Omega Engineering
- Siemens Energy and Automation
- Wika

Market driver

- Development of integrated transmitter solutions
- For a full, detailed list, view our report

Market challenge

- Security risks in industrial transmitter networks
- For a full, detailed list, view our report

Market trend

- Increasing use of wireless transmitters
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
