

Trump Super PAC Announces Trump Educational Policy To Eliminate North Carolina College Student Loan Debt

NEW YORK, NY, UNITED STATES, August 30, 2016 /EINPresswire.com/ -- Trump Super PAC, Get Our Jobs Back Inc. is pleased to announce today its Trump educational policy solution for eliminating all past & future college student loan debt in the State of North Carolina. The student loan debt in North Carolina is rising both in the percentage of students who need loans and in how much they're borrowing.

"North Carolina Universities in poorer areas are suffering the most with low wages, high unemployment, declining tax base, and declining population. This is a recipe for disaster, as it is leading to a large increase in students defaulting on their loans. North Carolina legislature is aware of the problem and has been attempting to address it on multiple levels," stated Get Our Jobs Back Inc. CEO Steven Hoffenberg.

The current national student loan debt of 1.37 trillion dollars grows nearly \$3000 per second, threatening the U.S. economy. Each state, within the United States, is being severely impacted by this crisis, making it more and more difficult for students to graduate college without taking on more loans. Nearly 70% of bachelor's degree recipients leave school with debt according to the White House. This ongoing and increasing debt is certain to have major consequences for the economy, and one thing for sure, a solution is desperately needed. The new Trump educational policy is that solution, for North Carolina and every other state throughout the United States.
