

New Mexico Mesothelioma Victims Center Now Offers a Diagnosed Navy Veteran or DOD Worker in New Mexico a Service Designed to Make Sure They Receive the Best Compensation

NEW YORK, NEW YORK, USA,
September 22, 2016 /EINPresswire.com/

-- The New Mexico Mesothelioma Victims Center says, "We are urging a Navy Veteran or DOD employee in New Mexico with this rare asbestos exposure cancer to call us anytime at 800-714-0303 to ensure they have instant access to the nation's top lawyers who specialize in financial claims for mesothelioma. The reason we are so focused on the lawyer part is because without one the chances of getting the best possible financial compensation settlement go from very good to slim-or none."

The Center fears that most people in New Mexico with mesothelioma or their family members will act impulsively when

it comes to hiring a lawyer and in the end they will end up with an inexperienced local personal injury lawyer or a mesothelioma middleman marketing law firm that sells people with mesothelioma like they are a cow-or a commodity. The problem with a US Navy Veteran or DOD worker with mesothelioma in New Mexico is the lawyers had better know what they are doing or the mesothelioma compensation claim could end up as a dismal failure as the Center would like to explain anytime at 800-714-0303.

Vital Compensation Tips for a US Navy Veteran with mesothelioma in New Mexico or their family members from the New Mexico Mesothelioma Victims Center: "The going rate for one of the nation's most skilled mesothelioma attorneys to handle a compensation claim from state to finish is 33.3% of the gross settlement amount-not 40%. If the lawyer-you are talking to does not have experience

dealing with Navy Veterans or DOD employees with mesothelioma it could be a costly proposition. We are urging a Navy Veteran or DOD employee in New Mexico or their family to ask the lawyers they are talking to 'when is the last time they did a 'Freedom of Information Act' request to the DOD? When they cannot answer the question as most will not-please call us at 800-714-0303 for access to the nation's top mesothelioma attorneys who have references to prove they have experience. Why settle for less?"

For the best possible treatment options in New Mexico we strongly recommend the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians this hospital:

* The University of New Mexico Cancer Center, Albuquerque, New Mexico: [http://cancer.unm.edu/cancer/cancer-info/types-of-cancer/mesothelioma ... othelioma/](http://cancer.unm.edu/cancer/cancer-info/types-of-cancer/mesothelioma...othelioma/)

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon. However, mesothelioma does happen in New Mexico.

High risk work groups for exposure to asbestos in New Mexico include US Navy Veterans, power plant workers, oil refinery workers, civilian employees of the Defense Department, manufacturing, or industrial workers, plumbers, electricians, auto mechanics, machinists, miners, or construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.
