

Six S Partners makes PROFIT 500 list for third year running

Steady Growth a Key Factor in ERP Firm's Achievements

WATERLOO, ON, CANADA, September 20, 2016 /EINPresswire.com/ -- Canadian Business and PROFIT has ranked [Six S Partners](#) on the 28th annual PROFIT 500, the definitive ranking of Canada's Fastest-Growing Companies. Published in the October issue of Canadian Business and at PROFITguide.com, the PROFIT 500 ranks Canadian businesses by their five-year revenue growth. This is the third year in a row that the ERP (Enterprise Resource Planning) firm has made the list.

Six S Partners is a full-service consulting firm focused on operational improvements through ERP software that integrates processes from finance, inventory, customer relationship management (CRM), supply chain management (SCM) and other departments. The firm is the leading North American platinum channel partner to their Software Partner, [Epicor](#). Epicor is a leading worldwide provider of business software solutions to a range of industries; Six S Partners supports and empowers clients through their intensive change-management efforts.

"This recognition means so much to me and the Six S team," says John Preiditsch, President, Six S Partners. "We've earned a spot on the PROFIT 500 list for three years in a row because we've worked hard to maintain our exponential growth. In addition to that, we are the only ERP professional services firm to make the list. We are proud of this achievement and all that it signifies."

Preiditsch points out that steady growth is hard to maintain in professional services; most firms fall off the list after their first or second appearance because they can't continue to invest in their growth at the same rate. He adds, "We've earned this success not just because of the software we sell but because of the support and knowledge we provide to our clients. Our continued growth is a direct result of the people who work on this team and the care they demonstrate to our clients long after the

software contract is signed.”

“Companies become a part of the PROFIT 500 through innovative thinking, smart strategy and sheer grit,” says James Cowan, Editor-in-chief of PROFIT and Canadian Business. “These firms demonstrate what Canadian entrepreneurs can achieve, both at home and across the globe.” Canadian Business also previously recognized Six S Partners in its PROFIT 50 list of growth firms in 2011.

Others in the industry are also taking note of the firm's continued growth and successes. This week Six S Partners was also named to CIOReview's list of 20 Most Promising ERP Solution Providers 2016. The list was developed by a distinguished panel comprising CEOs, CIOs, VCs, analysts including CIOReview editorial board. They selected the top players that provide key technology solutions and services related to ERP Solutions. In the process of selecting the 20 Most Promising ERP Solution Providers 2016, they analyzed the companies' offerings, core competency, news/press releases, client testimonials, milestones and other recognitions.

“This is an exciting time for Six S Partners,” concludes Preiditsch. “And we don't rest on our laurels; we know we need to continue to deliver the same top-quality service that our clients have come to expect from us and find even more ways to make their experiences the best they can be.”

About Six S Partners – Six S Partners is an EPICOR Platinum Partner providing ERP software and services across North America. Our customer-for-life approach has helped the company not only win recognition as Epicor Partner of the Year for the Americas for four years running, and Global Partner of the Year 2015, but also has attracted a passionate, knowledgeable team. “We promote a strong cooperative team environment, investing extensively in education.”
