

# Global Biosimilars Market Size, Share, Strategy, Industry Analysis, Growth Factors Forecast to 2027

Global Biosimilars Information market, by types (hormone, Erythropoietin, Monoclonal antibodies,Interferon) by application and by end users - Forecast to 2027

PUNE, MAHARASHTRA, INDIA, September 21, 2016 /EINPresswire.com/

- -- Study Objectives of Biosimilars Market:
- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the Biosimilars market
- To provide insights about factors affecting the market growth
- To analyze the Biosimilars market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and

sub-segments with respect to four main geographies and their countries- Americas, Europe, Asia-Pacific, and Middle East & Africa.

• To provide country level analysis of the market with respect to the current market size and future prospective

The Major Key Players are Roche Diagnostics (Switzerland), Teva Pharmaceutical Industries Ltd. (Israel), Amgen (US), Hospira Inc. (US), Celltrion Inc. (South Korea), Merck (US, Biocon (India)

Market Research Future

- To provide country level analysis of the market for segments by type, by application, by end users and its sub-segments
- To provide overview of key players and their strategic profiling in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global Bio similar market.

# biosimilars-market-research-report-forecast-to-2027

### Intended Audience

- Biosimilars manufacturers
- Biosimilars Suppliers
- Pharmaceutical companies
- Research and Development (R&D) Companies
- Medical Research Laboratories
- Academic Medical Institutes and Universities

# Key Players for Biosimilars Market:

- Roche Diagnostics (Switzerland)
- Teva Pharmaceutical Industries Ltd. (Israel)
- Amgen (US)
- Hospira Inc. (US)
- Celltrion Inc. (South Korea)
- Merck (US)
- Cipla (India)
- Biocon (India)

# Segments:

Global Biosimilars market has been segmented on the basis of types which comprises of hormone, Erythropoietin, Monoclonal antibodies, Human growth, Interferon, Peptide, Calcitonin and others. On the basis of end users which consists of hospitals, clinics, research facilities and others. On the basis of application which consists of Cancer, blood disorders, hormone deficiency, chronic diseases, infectious diseases and others.

# Regional Analysis of Biosimilars Market:

Globally North America is the largest market for Biosimilars. The North American market for Biosimilars is expected to grow at a CAGR of XX% and is expected to reach at US\$ XXX Million by the end of the forecasted period. This is due to increasing approvals of biosimilar products in emerging markets. Europe is the second-largest market for Biosimilars which is expected to grow at a

CAGR of XX%. Whereas Asia pacific is expected to be a growing market for Biosimilars market and expected to grow at a rapid rate.
