

Global Oil Field Equipment Market Gains Dominant growth with double figure values in Forecasted Period 2016-2027

Global Oil Field Equipment Information Report by Type (drilling (Drill Pipe) and Pressure and Flow control , by Equipment, and by Region - Forecast to 2027

PUNE, MAHARASHTRA, INDIA,
September 23, 2016 /EINPresswire.com/
-- Market Synopsis and Scenario of [Oil Field Equipment Industry](#):

Increasing demand for oil and gas is expected to result in a rise in demand for the [Oil field Equipment market](#). In recent times the oil and gas has been experiencing a significant downturn due to the continuous fall in the prices. These changes in the supply and demand dynamics is expected to induce a rise in the number of oil wells thus resulting in boosting the oil field Equipment market. Increasing demand for oil and gas is also

expected to fuel the demand in the oil field Equipment market.

“

The Major Key Players are
Weatherford International,
Schlumberger, Baker Hughes,
National Oil well Varco,
Halliburton, Transocean, Aker
Solutions, Aker Solutions,
Cameron International
Market Research Future

Major Key Objectives of Oil Field Equipment

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the global Oil field Equipment market
- To provide insights about factors affecting the market growth
- To Analyze the Oil field Equipment based on various factors- price analysis, supply chain analysis, Porters five force analysis.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to six main geographies and their countries- North America, Europe,

Asia-Pacific, South America, Middle East, and Africa

- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by type, by Equipment and by region
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, and new product developments in the global Oil field Equipment market.

Segments

The Oil Field Equipment market has been segmented on the basis of equipment as Drilling Equipment, Field Production Machinery, Pumps & Valves, Others. On the basis of type the market has been segmented as drilling (Drill Pipe and Drill Collars) and Pressure and Flow control (BOP's, Valves & Manifolds)

Intended Audience

- Oil Field Equipment manufacturers
- Oil Field Equipment Suppliers
- Research and Development (R&D) Companies

Taste the market data and market information presented through more than 50 market data tables and figures spread in 120 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Global Oil Field Equipment Research Report - Forecast to 2027](#)"

Regional Analysis of Oil Field Equipment Market:

North America is the leading region for the Oilfield Equipment market mainly due to the increasing offshore and onshore exploration activities to meet the ever increasing demand for Oil and Gas. Asia-Pacific is another prominent region due to the high requirement of oil and gas to fuel the booming manufacturing sector

Prominent Key Players of Research:

Some of the key players in the Oilfield Equipment market are

- Weatherford International
 - Schlumberger,
 - Baker Hughes
 - National Oil well Varco
 - Halliburton
 - Transocean
 - Aker Solutions
 - Cameron International
- Segmentation of Global Oil Field Equipment Market
- By Type
 - By Equipment
 - by Region

The report for Oil Field Equipment Market of Market Research Future comprises of extensive primary

research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.

Global Thin Film Photovoltaic Market Research Report - Forecast to 2027

Market Synopsis of Thin Film Photovoltaic Market

Increasing demand for electricity globally and technological advancement are primary driving factors in the growth of the Thin Film photovoltaic cells market. Thin Film photovoltaic cells being cost effective and a significantly renewable source of energy has gained much popularity in recent times with many new market players entering the market. Superiority of Thin Film photovoltaic cells over other traditional solar cells has diverted the demand towards the Thin Film photovoltaic cells market.

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
