

Capacity and Capital Expenditure for Refineries Market to Reach 100 mmbd With 16.7% CAGR Forecast to 2020

The total global CDU capacity is expected to increase to over 100 mmbd by 2020

PUNE, MAHARASHTRA, INDIA, October 13, 2016 /EINPresswire.com/ -- [Capacity and Capital Expenditure for Refineries](#) Industry

Description

Wiseguyreports.Com Adds “Capacity and Capital Expenditure for Refineries -Market Demand, Growth, Opportunities and analysis of Top Key Player Forecast to 2021” To Its Research Database

Globally the refinery industry is set to witness a growth of around 16.7% during the 2016-2020 period. The total global CDU capacity is expected to increase to over 100 mmbd by 2020. Asia is expected to lead the growth in the industry with proposed capital spending of more than US\$140 billion outlined for more than 40 planned (new-build) refineries. The total capacity addition in the region is expected to be more than 5,000 mbd. Nakhodka, Okporoma, Shanghai II and Pengerang will be the top refineries in the world in terms of capital spending, while Merapoh, Lagos I and Al-Zour are expected to be the top three refineries in terms of capacity additions.

Report Detail's @ <https://www.wiseguyreports.com/reports/644218-h2-2016-global-capacity-build-refining-capacity>

Scope

- Refinery crude distillation unit capacity data by region for the period 2010 to 2020
- Annual breakdown of capital expenditure spending on refineries for the period 2016 to 2020
- Global planned (new build) refinery capacity additions and capital expenditure spending by key countries and operators
- Capital expenditure spending on planned (new build) refineries by key countries and operators in a region
- Details of all planned (new build) refineries in the world up to 2020

Reasons to buy

- Obtain the most up to date information available on refineries globally
- Identify growth segments and opportunities in the industry
- Facilitate decision making on the basis of strong historical, and outlook of planned refinery capacity data
- Develop business strategies with the help of specific insights about the planned refineries globally
- Keep abreast of key planned refinery projects across the world
- Assess your competitor's planned refinery projects and capacities
