

Global Remote Sensing Satellite Market is expected to grow at a CAGR of around 5% during 2016-2021

Global Remote Sensing Satellite Market by System (SATCOM, Radar, and Electro Optic / Infrared), and by Geography -Forecast To 2021

PUNE, MAHARASHTRA, INDIA, October 13, 2016 /EINPresswire.com/ --Market Synopsis of Global Remote Sensing Satellite Market The Global Remote Sensing Satellite Market is expected to grow at a CAGR of around 5% during 2016-2021. The key factors driving the demand are growing investment on satellite communication and ISR payloads, and the growing need for advanced optical imaging systems.

As per the MRFR analysis, factors restraining the market are the cost associated with satellite launch and complexities attached to its integration with several platforms.

Development of battlefield surveillance radar (BFSR), next generation AmerHis Satellite, and innovation in antenna and satellite technology are the on-going trends which will impact the market in the

forecast period.

Key Players

- Airbus Defence and Space
- Ball Aerospace
- Lockheed Martin
- Mitsubishi Electric
- Thales Alenia Space
- Boeing, CASC
- ISS Reshetnev
- Orbital ATK
- Telespazio

Global Remote Sensing Satellite Market

Some of the key players: Airbus Defence and Space, Ball Aerospace, Lockheed Martin, Mitsubishi Electric, Thales Alenia Space, Boeing, CASC, ISS Reshetnev, Orbital ATK, and Telespazio Market Research Future Market segments By System o SATCOM, o Radar, and o Electro Optic / Infrared

By Regions o Americas (North & Latin) o Europe o Asia – Pacific

o Middle East & Africa

Taste the market data and market information presented through more than 70 market data tables and figures spread in 103 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "<u>Global Remote Sensing Satellite Market Research Report – Forecast</u> 2016-2021"

Study Objectives of Global Remote Sensing Satellite Market

• To provide detailed analysis of the market structure along with forecast for the next 5 years of the various segments and sub-segments of the Global Remote Sensing Satellite Market

• To provide insights about the factors affecting the market growth

• To analyze the Global Remote Sensing Satellite Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.

• To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)

• To provide country-level analysis of the market with respect to the current market size and future prospective

• To provide country-level analysis of the market for segment by systems

• To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

• To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Remote Sensing Satellite Market

Regional and Country Analysis of Global Remote Sensing Satellite Market As per the MRFR analysis, the EMEA region will continue its dominance in the forecast period to reach \$XX billion, to grow at a CAGR of around 5%. Whereas, APAC and EMEA will grow at a CAGR of 7% and XX%, respectively during the forecast period. Target Audience o Satellite OEMs o Equipment / System Suppliers o Potential Investors o Key executive (CEO and COO) and strategy growth manager

Brief Table of Content 1. Introduction 1.1 Report Description 1.2 Research Objective 2. Executive Summary 2.1 Key Findings / Highlights 2.1.1 Investment Opportunities 2.1.2 Market Startegies 2.1.3 Latest Developments 3. Scope of the Study 3.1 Markets Covered 3.2 Years Considered For the Study (2016-2021) 3.2 Geographic Scope 3.3 Key Stakeholders 4. Assumptions and Limitations 5. Research Methodology 5.1 Primary Research 5.2 Secondary Research 5.3 Econometric and Forecasting Model 6. Market Size Estimation 6.1 Top down Approach 6.2 Bottom up Approach 7. Market Factor Analysis 7.1 Value Chain Analysis 7.2 Supply Chain Analysis 7.3 Porter's Five Forces Analysis 8. Market Dynamics 8.1 Drivers 8.2 Restraints 8.3 Opportunities 8.4 Trends 9. Market Segmentation 9.1 By System 9.2 By Region Continue.....

The market report for Global Remote Sensing Satellite Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and

strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.
