

Laptop Repair Johannesburg - LaptopSOS Company Launch

A new division LaptopSOS now offering laptop repair services in Johannesburg. Focal Point Computer Consultants recently launched their new division - LaptopSOS

JOHANNESBURG, GAUTENG, SOUTH AFRICA, October 13, 2016 /EINPresswire.com/ -- "LaptopSOS, now a new division of Focal Point Computer Consultants with 18 years' experience in Information Technology Infrastructures, is offering the right solutions for customers' specific requirements. Services include consulting, Laptop repairs, sales, installation and implementation of complete network packages, data back-up and disaster recovery, software and hardware, data cabinets, switches, data cabling, fibre optic supply and installation to connect voice and/or data to LANs or WANs, wireless access points, VOIP, maintenance of network infrastructures, UPSs, Inverters and Generators, Hosted Exchange and Blackberry, Disaster Recovery. The company has experience in new installations and office relocations.

"Laptop SOS has reliable, efficient and friendly staff looking after the customers'

best interest. The company has grown primarily by word of mouth, and that is why it holds service delivery and client satisfaction dearly.

"LaptopSOS aims at delivering a service that is in the best interest of the client and always upholding integrity and honesty. They're not just technicians, but also qualified IT Engineers with a wealth of experience in the environments that laptops & Notebooks function in. The company offers a collect and delivery service to their customers with its fix laptop or laptop repair centre in Johannesburg. With a successful 18 years' trading record in the IT industry, the company decided to make their expertise

Laptop Repair Centre George

available on a National basis by providing services countrywide through the use of couriers where we have the laptop collected and delivered to most towns in South Africa.

"Laptop screen repairs are amongst the most common laptop repair requests we commonly find. What causes laptop screen breakages in general are: Lack of using a good carry bag, not securing your laptop in its bag before zipping it up, sitting on your laptop, etc. LaptopSOS also performs laptop hard drive upgrades. LaptopSOS noticed a growing trend in Laptop upgrades by replacing the standard traditional hard drive with a Solid State Drive. This increases the laptop performance many fold as it newly impresses customers as they would fall in love with their laptop or notebook all over again. Laptop keyboards and Laptop Touch Pad replacements are also common laptop repairs. LaptopSOS also focusses on performance data recovery, Windows re-installations and software sales. We sell most laptop or notebook brands available in South Africa."
