

# New MultiPlayer Augmented Reality (AR) Mobile Game by Maysalward

*Maysalward Launch a new MultiPlayer Augmented Reality (AR) Mobile Game*

AMMAN, KING HUSSEIN BUSINESS PARK, JORDAN, November 17, 2016 /EINPresswire.com/ -- Amman, Jordan - Today Maysalward launches Zombie Augmented Reality (AR), a brand new mobile title for iOS and Android devices. This simple, yet innovative shoot up game uses Augmented Reality technology to entertain mobile Gamers with Online Multiplayer feature to add more fun to players looking beyond the Single Player option the game offers.

With Augmented Reality the player will have an interactive experience where a visual overlay introduces the gameplay components with a view of the physical world. With an outstanding graphics and MultiPlayer option, the game will increase the player desire to shoot up more Zombie and have fun.

"The Game offers an interactive, immersive Augmented Reality experience for both Android and iOS devices," explained Nour Khrais Founder and CEO of Maysalward. "After launching Virtual Reality Games; AR is the next generation of engagement, and we are happy to start with our first game using this innovative emerging technology."

Maysalward plans to deliver more innovative mobile games adding to the previously launched Virtual Reality Games "Aliens Invasion" and "Siege Defence." Maysalward today added the Augmented reality technology to confirms its leadership positioning when it comes to Mobile Games Development.

The Game is available now on the [Appstore](#) and [Google Play](#).
