Medical Waste Management -Market Demand, Growth, Opportunities and analysis of Top Key Player Forecast to 2021

PUNE, MAHARASHTRA, INDIA, November 18, 2016 /EINPresswire.com/ -- [Medical Waste Management](#) Industry

Description

According to Statistics MRC, the Global Medical Waste Management Market is valued at \$10.78 billion in 2015 and is expected to grow at a CAGR of 5.9% to reach \$16.2 billion by 2022. Huge quantity of waste generated by healthcare is one of the key factors driving the market growth. Rapidly growing healthcare industry will provide lucrative market opportunities for the service providers in the market as there will be increasing need for medical waste management. On the other hand, huge capital costs are anticipated to hamper the market during the forecast period.

Collection segment commanded the market with the largest share in terms of revenue. However, processing segment is anticipated to grow at a highest CAGR during the forecast period. Furthermore, market is currently being fueled by growing business from small quantity generators (SQGs). North America and Europe are the major markets due to the plenty of regulations and government policies in these regions. Asia-Pacific is expected to grow at a faster pace owing to the plenty of opportunities in the countries like Japan, Australia and New Zealand.
