

Wireless Sensor Network Market is Expected to Reach USD ~1.5 Billion by 2022

Global Wireless Sensor Network Market, by Application (Healthcare, Food & beverage), Sensors and by Technologies - Forecast 2022

PUNE, MAHARASHTRA , INDIA , November 23, 2016 /EINPresswire.com/ -- Market Research

Key Players: ABB Ltd.
(Switzerland),
Endress+Hauser AG
(Switzerland), Emerson
Electric Co. (U.S.), General
Electric Company (U.S.).
Market Research Future

Future published a half-cooked research report on [Wireless Sensor Network market](#). The global market for Wireless Sensor Network market is expected to grow over the CAGR of around ~14% during the period 2016 to 2022 and expected to grow at market size of USD ~1.5 billion in 2022.

Market Highlights:

The global Wireless Sensor Network market has been evaluated as growing market and expected that the market will touch high growth figures in upcoming years.

Major companies such as ABB Ltd., Emerson Electric Co.,

and Texas Instruments among others are developing Wireless Sensor Network solutions for application such as military, transport, Oil & gas, and automotive among others. Converting ambient energy into usable electrical energy system is creating wide opportunities for wireless sensor network market which provide power for portable electrical devices.

Taste the market data and market information presented through more than 40 market data tables and figures spread over 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "The Global Wireless Sensor Network Market Research Report -Forecast to 2022".

Wireless Sensor Network Market:

The Wireless Sensor Network can be segmented technologies, sensors, type, topologies and applications. The Wireless Sensor Network technologies include Bluetooth, wireless Hart and Wi-Fi which is used to provide network connectivity by the support of sensors such as Pressure, Temperature, Flow, humidity, and image & surveillance among others. Various application sectors comprises of Oil & gas, Industrial, Entertainment, Transport, Precision Agriculture, Military, Food & beverage, Mining, Healthcare, and Environment Monitoring among others.

Key Players of Wireless Sensor Network Market:

- ABB Ltd. (Switzerland)
- Endress+Hauser AG (Switzerland)
- Emerson Electric Co. (U.S.)
- General Electric Company (U.S.)
- ST microelectronics (Switzerland)

- Honeywell International Inc. (U.S.)
- Siemens AG (Germany)
- Texas Instruments (U.S.)
- Yokogawa Electric Corporation (Japan)
- Schneider Electric SA (France)

Market Research Analysis:

Wireless sensor network is a set of devices used to monitor physical or environment conditions and is been used in Military application such as for battlefield surveillance. Wireless sensor network includes sensors, base stations, and nodes to perform communication services from one network to the main location. There are various threats such as node outage, supervision of a node, false node, node malfunction, message corruption, denial of service which needs more research & development which is expected to support the growth of wireless sensor network market.

The high reliability of wireless network over wired network is also fuelling the growth of Wireless Sensor Network Market. However, lack of skilled expertise is the current challenges which are hampering the market growth.

Brief TOC for Wireless Sensor Network:

1. Report prologue
2. Introduction
 - 2.1 Definition
 - 2.2 Scope of the study
 - 2.2.1 Research objective
 - 2.2.2 Assumptions
 - 2.2.3 Limitations
 - 2.3 Market structure
3. Research Methodology
 - 3.1 Research process
 - 3.2 Primary research
 - 3.3 Secondary research
 - 3.4 Market size estimation
 - 3.5 Forecast model
4. Market Dynamics
 - 4.1 Drivers
 - 4.2 Restraints
 - 4.3 Opportunities
 - 4.4 Challenges
 - 4.5 Macroeconomic Indicators
5. Market factor analysis
 - 5.1 Value chain analysis/Supply chain analysis
 - 5.2 Porters five forces
 - 5.2.1. Bargaining Power of suppliers
 - 5.2.2. Bargaining Power of Customer
 - 5.2.3. Intensity of Competitor's
 - 5.2.4. Threat of New Entrants
 - 5.2.5 Threat of Substitutes

Continue...

Target Audience:

- Network operators and vendors
- DHCP and IP protocols providers

- Small and large enterprises
- Research & consultants
- Wireless Sensor Network Distributors
- Government

About Market Research Future:

At Market Research Future (MRFR), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
