Manufacturers in the plastic materials and resins industry are trying to move towards the automation of manufacturing processes. The use of sensors and wireless technology is helping in gathering invaluable data that is used to improve efficiencies and reduce costly errors. This will result in streamlined manufacturing processes resulting in better products with superior quality.

Manufacturers are shifting towards automation of their processes to enhance productivity and remain competitive in the market.

[Plastics materials and resins manufacturing industry](#) comprise of establishments involved in manufacturing resins, plastic materials, non-vulcanizable thermoplastic elastomers, customized mixing and blending of resins, and manufacturing of non-customized synthetic resins.

According to The Business Research Company's Chemical Consultant, Yogesh Bathula, the plastics [manufacturing industry](#) is affected by the growth of the packaging industry. There are a number of new developments in the packaging industry that will drive the demand for plastic materials.

The Business Research Company expects the paints and coatings market to grow to \$1079 billion in 2019. Asia was the largest geographic market in the plastic materials and resins market in 2015, accounting for \$459 billion or 52.0% of the global market.

The figure shows the year-on-year growth of the global plastic materials and resins market during 2015–2019.

The Business Research Company Report's Coverage:-

_ **MARKETS COVERED:-** Computer Facilities Management, Computer Systems Design Services,

Software Services, Data Processing and Hosting.

_ COMPANIES MENTIONED:- Telecom, IT Services, Software Products, Computer Hardware.

_ COUNTRIES:- Australia, Brazil, China, France, Germany, India, Italy, Japan, Spain, Russia, UK, USA.

_ REGIONS:- Asia, Americas, Europe, Middle East & Africa, Oceania.

_ TIME SERIES:- Five years historic and forecast.

_ DATA SEGMENTATIONS:- Country and regional splits, market share of competitors, market segments.

_ AND MORE:- Please Visit tbrc.info

Key Points of the Information Technology Report:

1. Market Characteristics.
2. Historic Data.
3. Forecast Data.
4. Mergers and Acquisitions in the market.
5. The latest trends in the market.
