

Polyvinyl Chloride Market Analysis, Key Players, Segmentation, Trend & Forecast by 2027

Global Polyvinyl Chloride by raw materials, applications & by type - Forecast To 2027

PUNE, MAHARASHTRA , INDIA , November 24, 2016 /EINPresswire.com/ -- Market Synopsis of [Polyvinyl Chloride Market](#):

Key Players: Arkema, INEOS Group, LG Chem, Formosa Plastics Corporation, Mitsubishi Chemical.

Market Research Future

Over the past few years, there has been an increasing demand for Polyvinyl Chloride in various applications which mainly includes pipes, electric cables, construction, clothing and furniture, plasticizers and several others. It has been projected that the factors which has created the huge demand for polyvinyl chloride market are growing construction industries in Asia-Pacific and North America. Increasing usage of polyvinyl in healthcare industries as well as in the production of films and sheets. Geographically, Asia-Pacific is

expected to be the largest market due to the growing construction industries in China, India and Indonesia. Owing to these factors, there will be an immense growth opportunity for the manufacturing companies to capture the market.

Segmentation:

As per MRFR analysis, the global polyvinyl chloride market is segmented into raw materials, applications and types. The raw material is segmented into polyvinyl chloride are ethylene and chlorine. The applications are segmented into Pipes, Electric cables, Construction, Clothing and furniture, Plasticisers and others. Whereas, by types the market is segmented into type I and type II. Key Players of Polyvinyl Chloride Market:

- Arkema
- INEOS Group
- LG Chem
- Formosa Plastics Corporation
- Mitsubishi Chemical
- BASF
- Sinopec Group
- Oxy
- Vinnolit Gmbh
- KEM One

Study Objectives of Polyvinyl Chloride Market:

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the Global Polyvinyl Chloride Market
- To provide insights about factors affecting the market growth
- To Analyse the Global Polyvinyl Chloride Market based on various factors- price analysis, supply

chain analysis, porter's five force analysis etc.

- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country-level analysis of the market with respect to the current market size and future prospective
- To provide country-level analysis of the market for segment by raw materials, types and application
- To provide strategic profiling of key players in the market, comprehensively analysing their core competencies, and drawing a competitive landscape for the market
- To track and analyse competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Polyvinyl Chloride Market
