

Wireless Monitoring and Surveillance Market 2016 to 2027 Key Vendors Analysis, Import & Export, Revenue, Trends & Forecast

Global Wireless Monitoring and Surveillance Market, by Technology (Video, IP), by End-user (Bank, Government, Transportation), by Component- Forecast 2027

“ We enable our customers to unravel the complexity.”

PUNE, MAHARASHTRA, INDIA,
November 24, 2016 /EINPresswire.com/ -- Market Scenario

The major growth driver of Wireless Monitoring and Surveillance Market includes growing demand for better & more cost-effective security management, fast-moving growth of network video market and new strict government initiatives on technology compliance among others.

Global Wireless Monitoring and Surveillance Market projected to register a significant Growth Rate in the nearby Future”
Market Research Future

Hence the market for Wireless Monitoring and Surveillance is expected to grow at XX% CAGR (2016-2027).

However, expensive territory and limited central monitoring station are the factors which are hindering the growth of Wireless Monitoring and Surveillance Market.

Key Players

Some of the major players in [Global Wireless Monitoring and Surveillance Market](#) include

- Honeywell (U.S.),

- Axis communications (Sweden),
- Bosch security systems (Germany),
- Cisco systems (U.S.),
- Micropower technologies (U.S.),
- Pelco (U.S.),
- Aruba networks (U.S.),
- Panasonic Corporation (Japan),
- D-link (U.S.) Corporation among others.

Industry News:

- Bosch Group has announced in June 2016 about its partnership with Protectas SA which is a leading security company of Sweden to provide better remote video monitoring services to the customers.
- Honeywell, one of the leaders in wireless connectivity has announced in February, 2016 about its new development Micro RAE gas monitor which is industry's first wireless 4-gas monitor that can work with all types of wireless communication protocol. The product need to be connected to

smartphone to transmit gas which is been used to read over a cellular network

Segments

Global Wireless Monitoring and Surveillance Market can be segmented as follows:

Segmentation by Components:

- Digital camera,
- Network nodes,
- Servers,
- Monitoring stations.

Segmentation by Technologies:

- Video
- IP technologies.

Segmentation by End-users:

- Shopping malls/commercial complex,
- Banks/financial institutions,
- Government (Municipalities, Military, law enforcement),
- Educational institutes,
- Transportation among others.

Objective of Wireless Monitoring and Surveillance Market Study:

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the global Wireless Monitoring and Surveillance Market.
- To provide insights about factors affecting the market growth.
- To Analyze the Wireless Monitoring and Surveillance Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW).
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by component, technology, applications and sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market

The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.

Key questions answered in this report

- What will the market size be in 2027 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?

- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
