Summary

"[Nuclear Power](#) in Brazil, Market Outlook to 2030, Update 2016 - Capacity,

Generation, Investment Trends, Regulations and Company Profiles" is the latest report from GlobalData, the industry analysis specialists that offer comprehensive information and understanding of the nuclear power market in Brazil.

The report provides in depth analysis on global nuclear power market with forecasts up to 2030. The report analyzes the power market scenario in Brazil (includes thermal conventional, nuclear, large hydro, pumped storage and renewables) and provides future outlook with forecasts up to 2030. The research details nuclear power market outlook in the country and provides forecasts up to 2030. The report highlights installed capacity and power generation trends from 2006 to 2030 in Brazil nuclear power market. A detailed coverage of nuclear energy policy framework governing the market with specific policies pertaining to nuclear is provided in the report. The research also provides details of active nuclear reactors in the country, market size of major equipment and company snapshot of some of the major market participants.

The report is built using data and information sourced from proprietary databases, secondary research and in-house analysis by team of industry experts.

Scope

- A brief introduction on global carbon emissions and global primary energy consumption.
- Historical period is during 2006-2015 (unless specified) and forecast period is for 2015-2030.
- Overview on the global nuclear power market with installed capacity and generation trends, installed capacity split by region in 2015, installed capacity split by major nuclear power countries in 2015 and investment trends.
- Power market scenario in Brazil provides detailed market overview, installed capacity and power generation trends by various fuel types (includes thermal conventional, nuclear, large hydro and renewables) with forecasts up to 2030.
- Details of Brazil nuclear power market with installed capacity and generation trends, installed
