

HPNow Receives Agro Business Park Food and Agriculture Innovation Award

HPNow Receives Award at Agromek 2016 – Northern Europe's largest agriculture fair

COPENHAGEN, DENMARK, November 29, 2016 /EINPresswire.com/ -- [HPNow](http://www.hpnow.dk) ApS (www.hpnow.dk) has received the Agro Business Park award, given out annually to three leading agriculture and food innovators. The award committee includes leading Northern European food and agriculture corporations and entities such as Danish Crown and Future Food Innovation, and is supported by Enterprise Network Europe. HPNow received the award at a dedicated event at [Agromek](#), Northern Europe's largest agriculture fair taking place this week at MCH Messecenter Herning.

HPNow was awarded for its [HPGen](#) – On Site On-demand Hydrogen Peroxide generator. With HPGen, agriculture farmers and livestock growers can produce a potent, yet environmentally friendly biocide and disinfectant on demand, directly at the point of use, and using only water, air and electricity. HPGen reduces the need for storage, handling and use of toxic chemicals in farms, leading to reduced chemical costs, increased yields and farm safety, and improved plant and animal health.

The Agro Business Park award includes a cash prize as well as support by and promotion throughout the Agro Business Park network.
