Karena Vaughan

“Our London launch, on the evening of February 28th 2017, will be a wonderful opportunity for Belfast City leaders, business executives and some of our leading academic institutions to grow their London network. This is a great way to forge new partnerships and build business. The Belfast-London network will allow London to get a better idea of the benefits of investing in the vibrant city that Belfast has become. But it's also an opportunity for Belfast to tap into the vast market that London is in its own right – as well as its connectivity to global trade.”

The event will be held on the evening of February 28th, 2017. Pre-registration is required and preference will be given to people based in both cities. Further information is available here:
