

# The Hottest Water Adventure Tours in Cancun Mexico

*Want to experience the MAX in water Adventures in Cancun? Cancun Sailfish Cancun Whale Shark & Cancun Snorkel tours offer something for the whole family.*

CANCUN, QUINTANA ROO, MEXICO, January 10, 2017 /EINPresswire.com/ -- Having earned a Certificate of Excellence from TripAdvisor for the last 5 years, [Cancun Sailfish Tours](#) a division of Caribbean Connection Adventures is pleased to offer a new Adventure snorkeling tour beginning January 15, 2017. Adventuresome travelers will enjoy snorkeling with the sailfish, otherwise known as the marlin, the speediest hunters in the ocean.

"We offer the most experienced and capable crews, the fastest, most powerful boats and the highest level of customer service in Cancun," remarked Roddrigo Sidney, owner of Cancun Sailfish Tours. "We built our reputation with Whale Shark tours, and bring that same professionalism and expertise to our sailfish tours. Sterling reviews on TripAdvisor are a testament to the care and dedication we bring to every tour, every day."

Cancun Sailfish Tours makes a strong effort to give every tourist a chance to snorkel with the sailfish, but wild animals like these are sometimes elusive.

Therefore, no tour operator can absolutely guarantee that sailfish will be spotted on any particular day. Cancun Sailfish Tours does, however, boast an 80%-plus success rate at finding sailfish dependent of local weather conditions. Sailfish tours are available as either VIP private tours or shared public tours (Small groups of 6-8 people will go & enjoy the "ACTION" !!!

All tours include pickup from the major Cancun & Riviera Maya hotels and resorts. Private tours depart prior to any public tours, ensuring guests have the first chance to swim with the Caribbean's

most famous inhabitants Sailfish, Whale Sharks, Dolphins, Turtles and Manta Rays. Families, professional photographers and ocean enthusiasts will appreciate the superior service and attention of a private tour.

Unlike most tour operators in the region, Cancun Sailfish Tours operates from its own luxury marina Marina Hacienda Del Mar. Each tour begins with an orientation, safety briefing, light breakfast, and meet and greet with the crew. Tourists receive food and beverages, along with Professional Grade National Geographic certified snorkel gear. Snorkeling with sailfish only requires basic swimming proficiency. To ensure safety and comfort, professional in-water guides are present at all times. Wetsuit optional.

The Sardine "BOLA"

Getting to the ideal locations to spot sailfish takes about 60 to 90 minutes. Typically, sailfish spend their days on the hunt for bait fish like sardines. They "herd" these fish into swarming balls called "bolas" and pick them off by the mouthful. Experienced tour operators know that finding these bolas often means finding sailfish. The appearance of flocks of birds feeding off the surface is the hint. Once on site, boats will stay in the area giving all participants the opportunity to Snorkel in full Safety with In Water guide.

The Whale Shark tours for which the company is famous run from May 15 through September 17. However, it's entirely possible to see whale sharks even during the winter sailfish season.

Preserving the majesty of the world's oceans and the creatures that call its waters home is an important part of the mission at [Cancun Whale Shark Tours](#). The company is a founding member of the Whale Shark Conservation Society, an organization dedicated to the conservation of ocean-going species like whale sharks, manta rays, sea turtles and sailfish.
