PUNE, INDIA, January 10, 2017 /EINPresswire.com/ -- [India Distance Learning Market](#)

Distance learning is a mode of delivering education and instruction to students via non-traditional settings such as study notes and online course materials on an individual basis without any face-to-face interaction. The study materials are prepared by the university or college and are sent directly to the student. However, these days students access these materials through the internet.
