PUNE, INDIA, January 11, 2017 /EINPresswire.com/ -- [Global Coal Industry](#)

Global Coal Market is valued at \$10.5 billion in 2015 and is expected to grow at a CAGR of 11.2% to reach \$22.0 billion by 2022. Coal is expected to remain as the most affordable source for the generation of power in many countries for decades. The factors such as rising electricity demand from emerging regions and rapid industrialization are propelling the market growth. However, growing concern on environmental issues and huge transportation costs are restraining the coal market. Rapidly increasing population across the globe offers large number of opportunities for coal market.
