

Global Cloud Computing Market Share, Trends, Strategy, Segmentation, Development and Drivers Forecast to 2027

Global Cloud Computing Market Information, by Service (SaaS, PaaS, IaaS), by Cloud types (Private cloud, Hybrid cloud), by Application - Forecast 2027

PUNE, MAHARASHTRA, INDIA,
January 11, 2017 /EINPresswire.com/ --
Market Highlights:

The major growth driver of [Cloud Computing Market](#) includes growing demand for technologically upgraded services, growing expansion of professional and managed services and increasing awareness about cost-effective cloud services among others.

However, data security is one of the major factors which are hindering the growth of Cloud Computing Market.

Major Key Players

- Amazon Web Services LLC (U.S.)
- Microsoft Corporation (U.S.)
- IBM Corporation (U.S.)

The Major Key Players are Amazon Web Services LLC, Microsoft Corporation , IBM Corporation , Google Inc. , Akamai Technologies Inc., CA Technologies , Dell Inc.

Market Research Future

- Google Inc. (U.S.)
- Akamai Technologies Inc. (U.S.)
- CA Technologies (U.S.)
- Dell Inc. (U.S.)
- Hewlett-Packard Development Company L.P. (U.S.)
- Joyent Inc. (U.S.)
- Flexiant Ltd. (U.K.)

Industry News:

- Akamai Technologies has announced its partnership with KT, a leading telecommunications company in Korea in May 2016. The partnership is done to combine ucloud biz which is a KT's enterprise cloud services to provide platform for Korean companies to expand their businesses.
- Amazon web services has launched cloud computing data center in Mumbai, India on June 2016. This new data center will provide 35 availability zones 13 technical infrastructure region.

The report for Cloud Computing market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance.

Taste the market data and market information presented through more than 50 market data tables and figures spread in 110 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "[Cloud Computing Market Research Report- Global Forecast to 2027](#)"

Objective of Cloud Computing market Study:

- To provide detailed analysis of the market structure along with forecast for the next 10 years of the various segments and sub-segments of the Global Cloud Computing market.
- To provide insights about factors affecting the market growth.
- To Analyze the Cloud Computing Market based on various factors- price analysis, supply chain analysis, porters five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW).
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by cloud service type, by cloud type, by application type and sub-segments.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Cloud Computing market.

Market Segments

Segmentation by Cloud Service type

- Software as a service (SaaS)
- Platform as a service (PaaS)
- Infrastructure as a service (IaaS)

Segmentation by Cloud type

- Private cloud
- Public cloud
- Hybrid cloud
- Community cloud

Segmentation by Application

- Government

- Banking
- Healthcare

In addition to that, there are various cloud platforms such as public cloud which is offered over internet and operated by cloud provider, private cloud is operated by a specific organization and thus managed by third party.

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.
