/EINPresswire.com/ -- [Suite Spotte Coworking](#) announced

today the expansion of the business with a Spring 2017 opening of its second location in downtown Forest Park, Illinois. As the first [coworking community](#) in the near western suburbs of Chicago, Suite Spotte opened its first coworking location in downtown La Grange, Illinois in December 2014. Just over two years later, Suite Spotte is planning to open another location, amid the growing coworking market in suburban Chicago. Coworking creates an environment for people to share in the experience of business with one another, through space, ideas, knowledge, and community.

This expansion will increase the reach of Suite Spotte in suburban Chicago to the Village of Forest Park and surrounding communities. Forest Park was selected as Suite Spotte's second location because of the Village's dedication to keeping intact the feel of small town charm while constantly evolving to incorporate the convenience of "big city access" for hundreds of local businesses. There are currently no other coworking communities within the village; Suite Spotte Coworking will be the first. The Forest Park location will have a variety of shared workspaces, dedicated workspaces, private offices, and team suites to accommodate individuals and businesses of various size. Members of the La Grange or Forest Park Suite Spotte coworking communities will enjoy many of the amenities offered at either location.

"The introduction of Suite Spotte [to Forest Park] will surely create new and fresh opportunities for local entrepreneurs, established business owners, and remote workers alike to come together in a suburban coworking space. We have already experienced the warm welcome that Forest Park is known for, and are looking forward to becoming an active part of this growing business community," said Sue Reardon, Co-Founder of Suite Spotte.

The second location of Suite Spotte plans to open its doors in Spring 2017 at 7339 West Madison, at the corner of Madison and Circle in downtown Forest Park, Illinois.
