

TRP Company Launches New Product, Appetite Relief

Appetite Relief

RENO, NEVEDA, UNITED STATES, January 4, 2017 /EINPresswire.com/ -- Reno, NV, January 4, 2017– Susan P. Hanson, Chief Operating Officer of TRP Company, is pleased to announce the release of its newest product, [Appetite Relief](#).

From the trusted makers of [Ring Relief](#), America's #1 Selling Tinnitus Drop, and [PinkEye Relief](#), 2017 Women's Choice Award Winner for pink eye drops, comes Appetite Relief. Appetite Relief® is a homeopathic lozenge that temporarily relieves and calms excessive appetite, food cravings, overeating, stress eating, irritability, and that empty stomach feeling. Appetite Relief is diabetic friendly and naturally freshens breath, as well as reducing cavity and plaque formation. Appetite Relief® is safe and gentle to use, with no known side effects, interactions with other medications or contraindications.

"First and foremost, the product is an awesome addition the TRP Product line, again you have hit a home run with the combination of homeopathic agents in your lozenges.

“

"Appetite Relief is giving people that little bit of extra encouragement they need to help change their lifestyle. I think this is the perfect companion to healthy diet and exercise."

Susan Hanson, COO, TRP Company

I have experimented with the product and have found that by allowing one lozenge to fully dissolve after 10 minutes of a meal, has produced the most significant results in turning off the satiety and craving mechanism. So, your packaging instruction are spot on when you recommend a 10-minute window before eating or after eating a meal.

Overall, I think the product is excellent. A job well done by the fine staff at TRP! With a multi-billion-dollar diet pill industry, this product offers a safe, homeopathic way to control cravings. “
