/EINPresswire.com/ -- A straighter smile is in reach for residents of Philadelphia. For an all-inclusive rate of only \$3,995, Exeter Orthodontics in nearby Exton offers area families a choice between [affordable braces](#) and [Invisalign](#).

There are many differences between the two options, including treatment length, materials, and comfort. However, no matter which option a patient chooses, they are promised one low price.

“For many families, the cost of braces is a financial burden,” explains Dr. Soraya Mills, board-certified orthodontist at Exeter Orthodontics in Exton. “However, we perform only braces and Invisalign procedures. This specific focus enables us to help patients more efficiently, while also keeping our costs low.”

With six other offices in Eastern Pennsylvania, Exeter Orthodontics has served thousands of patients. Its team of dedicated orthodontists has decades worth of experience and will work closely with patients to ensure that they receive the treatment that best fits their needs.
