

FICO 850 Triple All-Star Master Champion MVP and U.S. Credit Czar Howe to Attend 2017 NCTC WEC

SubscriberWise founder and FICO Pro David Howe will be on hand in Big Easy to collaborate with industry professionals during NCTC winter educational conference

NEW ORLEANS, LA, U.S.A., February 19, 2017 /EINPresswire.com/ -- [SubscriberWise](#), the nation's largest issuing CRA for the communications industry and the leading protector of children victimized by identity fraud, announced today that the company founder and U.S. Credit Czar is proudly attending the 2017 [NCTC Winter Educational Conference](#) in New Orleans, LA. Conference attendees are encouraged to engage with the Credit Czar to learn about big data, business rules technology, and child-protection legislative issues critical to the industry. FICO GOAT Howe will also be around town to answer any personal credit questions asked by his sisters and brothers from the Big Easy.

"I'm very excited about the 2017 NCTC Winter Educational Conference," said [David Howe](#), U.S. Credit Czar and founder of SubscriberWise.

"Despite an incredibly demanding schedule, including the exhausting daily challenges of protecting America's babies and children while advocating for technology solutions with the Trump Administration, I consider the NCTC event a top priority and a must-attend for the Credit Czar.

“And not only are the educational programs, speakers, and break-out events highly appealing again this year – they're also undeniably valuable. Throughout my 20-year telecommunications career, and having attended NCTC events for the past decade, I've never found these annual conference events to be anything but informative and productive,” Howe remarked.

“Yes, the simple pleasure of conversation and collaboration -- with virtually every leading NCTC operator attending -- is worth every moment since these same operators also happen to be long-time and loyal SubscriberWise members. In fact, since the launch of SubscriberWise more than 10 years

ago, not one member operator – across the face of the nation – has ever canceled membership.

“And SubscriberWise has never required a contract or commitment with any of our members. That’s truly remarkable, particularly considering that SubscriberWise technology touches a U.S. consumer every minute of every hour of every day,” emphasized Howe.

“Of course it’s equally pleasurable sharing time and conversation with many of the SubscriberWise technology partners who are showcasing their cutting-edge technology. These partners deliver an incredible value to NCTC member operators. There’s simply no doubt that SubscriberWise would not be the award-winning and enduring national brand without their support and confidence,” concluded the Credit Czar.

The image shows a screenshot of a 'myFICO' dashboard. At the top, there are navigation tabs for 'Dashboard', 'Alerts', 'Scores', 'Reports', 'Education', and 'More'. The user's name 'David Howe' is visible in the top right. The main content area is titled 'Dashboard' and features three circular gauges, each displaying a FICO score of 850, labeled 'Great'. The first gauge is based on '08/26/2014 Equifax data', the second on '08/26/2014 Transunion data', and the third on '09/07/2014 Experian data'. To the right of the gauges is a 'NEED HELP?' section with links for 'Find the answer', 'Ask the community', and 'Contact support'. Below the dashboard screenshot, the text reads: 'Howe obtains perfect FICO scores at Equifax, Experian, and TransUnion' followed by the 'SubscriberWise' logo and the tagline 'Risk Management Solutions for the Communications Industry'.
