The Abyde software solution for HIPAA compliance has been approved by Vision Source - North America's largest independent optometric alliance.

TAMPA, FL, UNITED STATES, March 20, 2017 /EINPresswire.com/ -- [Continual Compliance Solutions](http://ContinualComplianceSolutions.com) (CCS) today announces a formal Supplier Partnership

with [Vision Source](http://VisionSource.com), North America's largest independent optometric alliance, to deliver the revolutionary Abyde software solution to Vision Source practices. Abyde is a revolutionary software solution that enables medical practices to easily manage internal HIPAA compliance programs. Abyde walks end-users through the Risk Analysis, ongoing compliance, policy, procedure, and HIPAA training requirements.

Being vetted by and associating with a preeminent organization like Vision Source brings tremendous credibility to our Abyde software solution,”

Matt DiBlasi, President CCS

“Being vetted by and associating with a preeminent organization like Vision Source brings tremendous credibility to our Abyde software solution,” stated Matt DiBlasi, President of CCS. “Vision Source is renown in the eye care industry for introducing members to cutting-edge technology and proven solutions for their complex environment and to have Abyde meet their criteria is thrilling. We look forward to continuing our relationship with Vision Source for many years to come.”

To kick off the formal association, CCS will be offering free educational HIPAA compliance webinars to all Vision Source members over the months of April, May, & June. The live webinar will highlight specific roles and responsibilities all Vision Source providers must implement to attain and sustain HIPAA compliance programs. Meaningful Use, MACRA, and MIPS HIPAA requirements will also be featured in an easy-to-understand format. To sign up for a webinar, [click here](#).

CCS is a technology company comprised of HIPAA compliance experts and provides user-friendly HIPAA solutions to medical practices. CCS was formed with the idea that there could exist an easier, more cost-effective way for healthcare practices to comply with government-mandated HIPAA regulations. In short, CCS's mission to revolutionize HIPAA compliance for the small to midsize medical practice. This is accomplished through Abyde, a user-friendly software solution that navigates covered entities through all aspects of attaining and maintaining proper compliance programs.
