

# ACS Group Implements Family Scholarship Program

## *ACS Group Implements Family Scholarship Program*

ATLANTA, GEORGIA, UNITED STATES, April 20, 2017 /EINPresswire.com/ -- ACS Group places tremendous value on its employees who work tirelessly every day to preserve and grow the company's brand and identity. To provide an additional benefit and support their employees, they have established the ACS Group Family Scholarship Program, which are \$1,000 scholarships for the children of corporate and field employees at all of their operating brands.

These merit scholarships will be given annually to the children of staff members entering college, technical, or vocational school. This merit-based award is based on: demonstrated exceptional academic achievements determined by ACT/SAT scores, high school GPA, and class rank; a one-page personal statement reflecting personal goals of higher education; extra-curricular and leadership activities; and the Scholarship Application.

"I believe we have the hardest working, most dedicated employees, so we are honored to be able to give back to their families," said Raj Sardana, Chief Executive Officer of ACS Group. "We know that the children of our employees will go on to bright futures, and we hope that many of them eventually join us here at ACS!"

The winners for spring semester 2017 are:

- Cutter Sanders – son of David Sanders, Sr. Technical Recruiter at AIC (Kansas City, MO office) – attending William Jewell College
- Logan Viens – son of Norm Viens, Market Manager at AIC (Lexington, KY office) – attending Bellarmine University
- Lawson Viens – son of Norm Viens, Market Manager at AIC (Lexington, KY office) – attending the University of Kentucky

ACS Group will be giving away three more scholarships for the fall semester.

### About ACS Group

ACS Group is a premier provider of IT Consulting, Engineering Consulting, Healthcare, Talent, and Workforce Management Solutions to Fortune 1000 companies globally. ACS Group conducts business through four operating brands – AIC, Analysts, ComforceHealth, and HireGenics – each with a specialized business focus.
