PUNE, INDIA, April 20, 2017 /EINPresswire.com/
--

The analysts forecast the [global sports betting market](#) to grow at a CAGR of 4.26% during the period 2016-2020.

Sports betting is a very popular type of gambling that involves predicting sports results and placing a wager on the outcome. There is a wide range of sports betting available in the market. Some of the most popular games that involve high betting are football, horse racing, cricket, basketball, greyhound racing, baseball, and golf. More than 60% of the sports betting done across the world are illegal as the governments are trying to maintain a balance between the world economy and social welfare. In 2015, more than 90% of the sports betting was land-based, which will decrease with the growing shift of preference toward online sports betting platforms.
