

Kitchen Cabinets & Beyond Offers Interior Design with Kitchen Remodel

Homeowners collaborate with Kitchen Cabinets & Beyond's designers to create their dream kitchen and their dream home.

ANAHEIM, CA, UNITED STATES, May 5, 2017

/EINPresswire.com/ -- Anaheim based Kitchen Cabinets & Beyond, is a home remodeling company in business for over 20 years founded by interior designer Emad Kloub. KCB offers homeowners in Orange County, California a large range of options for remodeling their home to give it a sophisticated new look and increase the home's value with the guidance of an interior designer.

Homeowners collaborate with Kitchen Cabinets & Beyond's designers without the need to hire an interior designer to design their kitchen and bathroom. This saves the homeowner time and money while they still achieve results they are thrilled with. The company was created around the idea that homeowners should be able to live stylishly and love their home with the help of an interior designer on any budget.

Design concepts for kitchens can range anywhere from traditional to modern to French countryside to contemporary. Gorgeous cabinetry in many different colors and finishes is a key part of the design. From dramatic and luxurious to cheery and playful, a kitchen remodel can offer a rich palette while combining creativity and functionality. KCB creates a wide offering of aesthetics for kitchens, bathrooms and more. Customizable options allows for customers to tailor each corner of the space to their personal style.

Kitchen Cabinetry and Beyond's 5,000 square foot showroom in Anaheim allows homeowners a chance to preview the products and begin to gather ideas. Additionally, KCB offers a free in-home consultation. KCB will come out, take measurements and begin to gather ideas about the space. Then the homeowner is invited to the showroom to preview the rendering, discuss ideas, budget and the process for the remodel.

About Kitchen Cabinets & Beyond
Kitchen Cabinets & Beyond is a reflection of both the passion and sincerity of its owner, Emad Kloub. Nature blessed him with an especially fine eye for spotting design opportunities in home interiors to enrich their looks and functionality; discipline and training gave him the skills to translate those opportunities into accomplishments. Yet he always remembers that his first responsibility is to fulfill the wishes of the people who live in the home: “I am not a salesman,” he says. “I am a designer, somebody you invite into your home and trust to analyze your tastes, desires, and needs for improving a living space, whether it is a kitchen, a bathroom, an alcove, a foyer, or any other area of the home. I’m somebody you trust to take in all the little details, to recognize what it is that makes your personal style unique, and to connect in a way that I am able to be your instrument for making the dreams you have for your home come true. I love what I do, and I take it very seriously.
