

Aluminum Composite Panels Market is Estimated to Grow at a CAGR over 6% by 2022

Aluminum Composite Panels Market by Type, Coating Base (Polyethylene), Application (Building & Construction) and Region (North America) - Forecast to 2022

PUNE, MAHARASHTRA, INDIA, May 19, 2017 /EINPresswire.com/ -- Market

Research Future Published a Half Cooked Research Report (HCRR) on Global [Aluminum Composite Panels Market](#). Global Aluminum Composite Panels Market is expected to grow around 6% CAGR during the period 2016 to 2022.

“We enable our customers to unravel the complexity.”

Market Research Future

“

Major Key Players are Yaret Industrial Group (China), Shanghai Huayuan New Composite Materials Co., Ltd. (China), Mitsubishi Plastics, Inc. (Japan), Changshu Kaidi Decoration Material Co., Ltd.”

Market Research Future

Market Overview:

The growing automotive production across the globe, especially in emerging nations of Asia Pacific region, is expected to drive market growth during the forecast period. Aluminum composite panels are being increasingly used in automotive industry to reduce overall weight of the vehicle, thereby increasing fuel efficiency and lowering maintenance costs. Countries with massive automotive industry such as U.S., Germany, India, China, Japan, and South Korea are expected to boost the aluminum composite panels (ACP) market during the forecast period.

Key Players

The key players of the global aluminum composite panels market are American Building Technologies, Inc. (U.S.), Alcoa Inc. (U.S.), Alumax Industrial Co., Ltd. (Taiwan), Yaret Industrial Group (China), Shanghai Huayuan New Composite Materials Co., Ltd. (China), Mitsubishi Plastics, Inc. (Japan), Changshu Kaidi Decoration Material Co., Ltd. (China), Jyi Shyang Industrial Co., Ltd. (Taiwan), Guangzhou Xinghe ACP Co., Ltd. (China) and Msenco Metal Co., Ltd. (China).

Market Research Analysis

Based on applications, the market is bifurcated as building & construction, advertising boards and transportation. Among these, building & construction has accounted for the largest market share due to the rising urbanization and increasing demand for durable and better quality houses.

Based on regions, the market is segmented as North America, Europe, Asia-Pacific and Rest of

World, out of which, Asia-Pacific is expected to dominate the market during the forecast period, owing to the growing population, as it helps boost the construction activities in the region. China is the major contributor to the market growth in the region.

Access the market data and market information presented through more than 25 market data tables and 25 figures spread over 100 numbers of pages of the project report “Aluminum Composite Panels Market Research Report – Forecast to 2022”

Study objectives of Global Aluminum Composite Panels Market

- To provide detailed analysis of the market structure along with forecast for the next ten years of various segments and sub-segments of the global aluminum composite panels market
- To provide insights about factors affecting the market growth
- To analyze global aluminum composite panels market based on various tools such as Price Analysis, Supply Chain Analysis and Porter's Five Forces Analysis
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies of Asia-Pacific, North America, Europe, Rest of World and their countries
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by material, by end-use and by region
- To provide strategic profiling of the key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global aluminum composite panels market

About Market Research Future:

At [Market Research Future \(MRFR\)](#), we enable our customers to unravel the complexity of various industries through our Cooked Research Report (CRR), Half-Cooked Research Reports (HCRR), Raw Research Reports (3R), Continuous-Feed Research (CFR), and Market Research & Consulting Services.

MRFR team have supreme objective to provide the optimum quality market research and intelligence services to our clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help to answer all their most important questions.

In order to stay updated with technology and work process of the industry, MRFR often plans & conducts meet with the industry experts and industrial visits for its research analyst members.
