PARIS, FRANCE, June 14, 2017  
/EINPresswire.com/ -- French Singer  
Daniel Roure Prepares for 2018 Release

"Souvenir of My Childhood" Out Soon

FOR IMMEDIATE RELEASE

The year was 2001 and the world had changed due to various events, but it was also changing for French artist Daniel Roure. He released his debut *Le Temps D'un Jazz*

. Fast forward to today and he's about to release his latest album in the new year. Leading the way will be his lead single, "Souvenir of My Childhood."

It has been four years since Daniel Roure has put out a full album. In between 2014's *Bar De Nuit* and his untitled project next year, he's pushed out a couple of singles to keep fans satisfied and of course wanting more. Drawn to his French take on Jazz, people fall hard when they hear his lyrics delivered in the language of love, over music as smooth as Jazz. Not only a singer, Daniel is a pianist and composer who can do a number on French adaptations of the standards.

From 2001 through now Daniel Roure has kept himself busy not only writing, recording and releasing music but also performing. He's played his fair share of Jazz Festivals throughout France. He'll continue to entertain as he has a handful of dates in France planned for 2017.

Those interested in adding "Souvenir of My Childhood" to their playlists, or interviewing Daniel Roure can get in touch via the information below.

Daniel Roure is a French Jazz singer with new material out soon.
