Market Research Future published a half-cooked research report on Global False Eyelashes Market 2023 Market Analysis, Scope, Stake, Progress, Trends

PUNE, MAHARASHTRA, INDIA, June 16, 2017 /EINPresswire.com/ -- [Global False Eyelashes Market](#) Information- By Raw Material (Synthetic Hair, Human Hair, Fur, Feathers, Others), By Product-Type (Individual Natural Lashes, Individual Flare Lashes, Strip Full Value Lashes, Strip Long and Short Lashes, Strip Natural Lashes, Others), By Production (Machine made, Handmade, Semi-handmade, Others), By Distribution Channel (Supermarket/hypermarket, Specialty stores, Cosmetic Stores, E-commerce, Others) and by Region Forecast to 2023

[False Eyelashes](#) are defined as artificial eyelashes which are worn to define the eyes and to thicken the upper eyelashes. The false eyelashes are worn with the help of a special glue and can be self-applied. The product majorly is categorized into two types: Strip lashes and Individual lashes. Strip lashes are worn directly across the eyelashes while the individual eyelashes needs to be applied each separately. False eyelashes are available all across the globe in a huge variety of designs, colors, lengths and material-type. The growing trend of highlighting the lash line to make it look more defined is one of the major factor influencing its market.
