WASHINGTON, , DC, USA, June 17, 2017 /EINPresswire.com/ -- Dear President <u>Trump</u>:

You have a brilliant mind with an emotionally challenged brain. It is the kind of personality that is essential for creating the outstanding breakout leadership just like Lincoln or even Gandhi.

I am not asking for money or a job. I just want to provide you with the knowledge where you can harness your assets of having the potential for a world-changing leadership. Please let me show you how to maximize your assets and control and manage your liabilities.

The whole world today is about figuring out solutions by learning from more and more data. It is all about big data. I have figured out a superior, easier, clearer, smarter and more effective path to not only solving the ills of society but to make America greater than ever before.

We need to harness pure, simple and effective data.

Instead of focusing on finding solutions through big data I want to show you how to find solutions through Pure, Smart, Clear, Simple, Effective, Intelligent, and Wise (etc.) Data.

Smart/Wise Data will have a rippling effect on all sectors of American society from improving

٢

The American constitution guarantees the 'pursuit' of happiness, health and prosperity; you can guarantee health, prosperity and authentic happiness to all America!" ect on all sectors of American society from improving education to <u>health</u>, from bringing down crime to creating happiness and prosperity.

Please consider the following:

Brain and mind education are lumped together as the single entity of mind education. As a result, we have 44,000 books on happiness; yet not one makes us happy because all these books try to teach the mind happiness. The mind wants to learn to be happy and it struggles to be happy but when the brain is wired to be unhappy then it is the brain that needs to be healed.

Take a good look at your own face and that of most of your cabinet members. Each and every one of them is beyond tired. It is again a reflection of not knowing the difference between brain and mind. I will show you Deep Brain Relaxation. Just imagine you, your cabinet and all America came to the working table with a fully relaxed and fresh brain, mind and body.

No American president has been in the business of guaranteeing pure happiness to all America. You can do it and I will show you how. The American constitution guarantees the 'pursuit' of happiness you can guarantee authentic happiness!

Please do not be tricked by our experts who think that emotional intelligence education is the solution to the ills of society. Emotional Intelligence is wisdom and like wisdom, it is the smoke where <u>emotional health</u> is the fire. Your focus must shift from teaching the mind emotional intelligence to making the brain physically and emotionally healthy.

Please have our very own route to wisdom checked out:
