

Helion Automotive Technologies Welcomes Tracey Reyes as New Director of Marketing

TIMONIUM, MD, UNITED STATES, July 17, 2017 /EINPresswire.com/ -- Helion Automotive Technologies, the retail automotive industry's leading Information Technology (IT) managed services provider (MSP), today announced the recent addition of Tracey Reyes as its new Director of Marketing. Reyes brings more than 20 years professional experience in marketing, advertising, events, branding and strategy to the position, with over 10 years of experience in the retail automotive industry.

In her role as Director of Marketing, Reyes will oversee the development and implementation of strategies to increase awareness of Helion's position as the premier choice of auto dealers for IT managed services.

"

Tracey brings a wealth of marketing knowledge to this position and I'm excited to have her energy, expertise and guidance for achieving our vision for the future" *Erik Nachbahr, President, Helion Automotive Technologies* "Tracey brings a wealth of marketing knowledge to this position and I'm excited to have her energy, expertise and guidance for achieving our vision for the future," said Erik Nachbahr, founder and president of Helion Automotive Technologies.

Prior to joining Helion, Reyes held positions as Marketing Director with Digital Air Strike and as Marketing Manager with DealerTrack. Additionally she has held positions as Director of Marketing with Paypro Corporation and Assistant Marketing Manager with First Data Merchant Services. Reyes has a proven track record of increasing customer engagement, lead generation and revenue with creative and innovative

marketing campaigns.

"Helion's unique service offerings are one of the best kept secrets in the automotive industry, and I look forward to changing that narrative," said Reyes. "The main challenge lies in educating auto dealers about how IT services should be viewed as an investment that can help them grow and reach their business objectives, versus an expense to be contained."

Helion's service offerings to auto dealerships includes end-to-end management of hardware infrastructure, software applications support, Help Desk support, data and cybersecurity solutions, communications and more.
