

Global Gas Turbines Market for Power Industry to Grow at a CAGR Of 2.44% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-“Global Gas Turbines Market for Power Industry to Grow at a CAGR Of 2.44% and Forecast to 2021”.

PUNE, INDIA, July 17, 2017 /EINPresswire.com/ --

[Gas Turbines Market for Power Industry 2017](#)

Executive Summary

Gas turbines are used in gas-fired power plants. These plants include an internal combustion engine, wherein the fuel is mixed with air, causing ignition. The resultant high-temperature gas is directed toward a gas turbine through a nozzle, which results in rotation of the turbine. Gas turbines are mainly used in gas-fired power plants. These plants include an internal combustion engine, wherein the fuel is mixed with air, causing ignition. The resultant high-temperature gas is directed toward a gas turbine through a nozzle, which results in the rotation of the turbine.

The analysts forecast the global gas turbines market for power industry to grow at a CAGR of 2.44% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global gas turbines market for power industry for 2017-2021. The market size is calculated based on the demand for the gas turbines in the power plant sector.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Request a Sample Report @ <https://www.wiseguyreports.com/sample-request/1584707-global-gas-turbines-market-for-power-industry-2017-2021>

The report, Global Gas Turbines Market for Power Industry 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Ansaldo Energia
- General Electric
- Kawasaki Heavy Industries
- Mitsubishi Hitachi Power Systems
- Siemens

Other prominent vendors

- BHEL
- MAN Diesel & Turbo
- Niigata Power Systems
- Opra Technologies
- Solar Turbines

Market driver

- Shutdown of coal-based power plants.
- For a full, detailed list, view our report

Market challenge

- Preference for renewable energy sources.
- For a full, detailed list, view our report

Market trend

- Technological innovations in gas turbines.
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents

- PART 01: Executive summary
- PART 02: Scope of the report
- PART 03: Research methodology
- PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by technology

- Market overview
- Combined-cycle gas turbines
- Open-cycle gas turbines

PART 07: Geographical segmentation

- Global gas turbine market for power industry by geography
- Gas turbine market for power industry in APAC
- Gas turbine market for power industry in Americas
- Gas turbine market for power industry in EMEA

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Impact of drivers on key customer segments
- Market challenges
- Impact of challenges on key customer segments

PART 10: Market trends

- Technological innovations in gas turbines
- Adopting cogeneration technology

.....Continued

For accessing accurate and deep understanding and to gain latest insights and key developments in the area of your interest, we also have a list of conferences in which you will be interested in, for more information, cordially check:

<https://www.wiseguyreports.com/conferences>

For updating knowledge or for thoroughly understanding various terminologies, we also have vast list of seminars for your reference, for more information cordially check:

<https://www.wiseguyreports.com/seminars>
