

Denise Peterson of Dynamic Life Healing to be Featured on CUTV News Radio

FARGO, NORTH DAKOTA, UNITED STATES, July 26, 2017

/EINPresswire.com/ -- We can't predict the future, but if we can remove the burden of the emotions within us, we can take steps toward our future more clearly.

Denise Peterson is a certified Emotion Code and Body Code Practitioner and the founder of Dynamic Life Healing, an energy healing practice.

"If you're a woman and life played a trick on you, I know what that feels like," says Peterson. "But it doesn't have to be this way. I found a way to release these past pains so I wouldn't keep repeating the same behaviors, and I want to share it with you. I can't promise to fix everything, but I can promise that I will show you how it helped me to help you get out of your dark place."

Peterson helps people who are grieving the loss of a loved one and can't seem to snap out of the despair.

“

Let's establish the new you
with higher level energy.”

“We're all about bringing openness and clearing the path for people to become who they want to become,” says Peterson. “Let's release these trapped emotions that have been holding you back and help you create the abundant life you want to live.”

Peterson says she has a sensitivity to people suffering from grief. She understands their sadness. As a wounded healer, Peterson has been through situations in life filled with grief and wanted to turn that grief into understanding.

“Hope is my guiding word. A sense of hope brings you into more control of your life,” says Peterson. “Let's establish the new you with higher level energy. This is a gift that I would like to give to others.”

CUTV News Radio will feature Denise Peterson in an interview with Doug Llewelyn on July 28th at 1pm EDT.
