

# EZ Dump Commercial Inc Showcasing ISSA Innovation Award Winning SmartcanMax at ISSA/INTERCLEAN 2017 Show in Las Vegas

*EZ Dump Commercial will demonstrate the revolutionary safer SmartcanMax waste receptacle Sept 11-14 at ISSA/INTERCLEAN show in Las Vegas. Booth 930.*

PHOENIX, AZ, USA, August 9, 2017 /EINPresswire.com/ -- EZ Dump Commercial Inc. announced it would be exhibiting the ISSA Innovation Award winning [SmartcanMax™](#) waste receptacle at the ISSA/INTERCLEAN North America 2017 trade show in Las Vegas, September 11-14 in booth 930.

“Innovation is the heart of our company, and we look forward to exhibiting our ISSA Innovation Award winning SmartcanMax™ with other innovative companies and products at ISSA” says Kiran “Raj” RajBhandary, CEO of EZ Dump Commercial. “Our focus on safety, ease of use and durability is resonating with customers,” says RajBhandary. “More companies, schools and municipalities are utilizing our revolutionary waste receptacle SmartcanMax™, driving our vision to manufacture, scale and compete. Having won an ISSA Innovation Award and successfully arguing to change the NSF Class 21 standard for thermoplastic receptacles,” RajBhandary added, “tells us that our safety and user centric attributes are desired and of high value in the receptacle category”.

Solving a vexing problem, EZ Dump Commercial’s SmartcanMax™ seeks to eliminate the struggle and injuries associated with trash bag removal from traditional receptacles. When the SmartcanMax™ user steps on a foot release pedal, it eliminates suction and vacuum, allowing the user to remove the can off the trash bag. The user can then get in a safe, ergonomically neutral position and remove the bag, using two hands at all times. “Trash handling is done millions of times daily. We are expanding our SmartcanMax™ product line, gathering customer feedback and responding accordingly,” says RajBhandary.

###

## ABOUT EZ DUMP COMMERCIAL INC.

EZ Dump Commercial Inc., is an innovative design and engineering company focused on the waste receptacle needs of the education, commercial/industrial and healthcare markets. With patented SmartcanMax™ users simply tie the trash bag closed, step on the foot release pedal, remove the lightweight body, and then easily discard the bag. By eliminating lifting the bag up and out from SmartcanMax™, this reduces the potential for injury, allowing the user to get in the proper removal position every time. SmartcanMax™ is one hundred percent recyclable, manufactured with sustainable and recycled materials and proudly Made in the USA.
